FOREWORD

The information provided in this handbook addresses the roles, responsibilities, and expectations of the team members involved in this vital component of teacher preparation. The current Randolph College Academic catalog should be used to reference current undergraduate and graduate course requirements along with college procedures and policies. The catalog is located online: http://www.randolphcollege.edu/registrar/catalog/

Mission

The Randolph College Education Preparation Program provides an educational environment that prepares teacher candidates to teach effectively, to act as leaders in school communities, and to serve as agents of equity and change.

Philosophy

The philosophical foundation of the Randolph College’s Teacher Education Preparation Program begins with the fundamental belief that culture and community influence learning. A social constructivist approach based on Vygotsky’s theories, combines research, social responsibility, effective instructional practice, content expertise, and leadership skills. Candidates develop reflective practices to analyze their assumptions and beliefs so that they have the confidence to make informed decisions in classrooms. In recognizing and meeting individual needs, candidates establish safe, humane, and caring learning environments. Candidates engage in professional work that includes understanding and implementing action research designed to inform instructional practices.

Goals and Objectives

The primary goal of Randolph College’s Teacher Education Preparation Program is to foster the development of highly qualified teachers and leaders for educational improvement. We emphasize professional growth by building upon the experiences of teacher candidates, encouraging candidates to reflect continuously upon these experiences, and by providing clinical experience that increase candidates’ awareness of student diversity and skills and dispositions to positively influence all PK-12 students’ learning and development. When teacher candidates are aware of issues regarding social justice they are prepared to counter injustices that occur in classrooms, schools, and communities.
Randolph College Education Department’s Core Values

- Excellence: We strive to attract, develop, and retain outstanding teacher candidates, and focus on those programs and services that we can offer at an exemplary level and continually seek to improve program performance to meet the changing needs of candidates and students. (CAEP Standard 1 & 5.3)

- Community Interactions: We link the preparation of candidates with the communities we serve through partnerships built on collaboration and shared responsibility for the development of pre-service and in-service teachers. (CAEP Standard 2)

- Continued Learning: We are committed to serving the educational needs of P-12 students with a focus on strong content, technology, and pedagogical knowledge of our candidates. (CAEP Standard 4)

Randolph College Teacher Education Preparation Program completers meet the following standards:

1. **Subject Matter Knowledge**: Randolph College Education Preparation Program (EPP) candidates and completers master the subject matter concepts of their endorsement areas to the degree required to teach the subject(s) effectively and to meet Virginia state licensure and InTASC standards. Data collected to assess candidate subject matter knowledge are quality data from multiple sources and are used to evaluate program impact. CAEP standard 1.1, 1.3

2. **Pedagogical Knowledge and Teaching Skill**: Randolph College Education Preparation Program candidates and completers demonstrate the knowledge and use of a variety of effective models, research and evidence based according to InTASC standards, and that afford all P-12 students access to rigorous college-and-career-ready standards. Data collected to assess pedagogical knowledge and teaching skill are quality data from multiple sources and are used to evaluate program impact. CAEP standard 1.1, 1.2, 1.3, 1.4 and 1.5

3. **Sensitivity to Diversity**: Randolph College Education Preparation Program candidates and completers demonstrate the skills and dispositions to meet the diversity of students’ backgrounds, abilities, and cultural perspectives. Data collected to assess candidate skills and dispositions to meet the diversity of students’ backgrounds, abilities, and cultural perspectives are quality data from multiple sources and are used to evaluate program impact.

4. **Technological Skill**: Randolph College Education Preparation Program candidates and completers have the skill to use technology as it relates to teaching in contemporary classrooms. Data collected to assess candidates’ educational technology skills are quality data from multiple sources and are used to evaluate program impact.
Randolph College Candidates follow the InTASC Model Core Teaching Standards and Learning Progressions for Teachers

Summary of Updated InTASC Core Teaching Standards
(Pages 8-9)

The standards are grouped into four general categories to help users organize their thinking about the standards:

**The Learner and Learning**
Teaching begins with the learner. To ensure that each student learns new knowledge and skills, teachers must understand that learning and developmental patterns vary among individuals, that learners bring unique individual differences to the learning process, and that learners need supportive and safe learning environments to thrive. Effective teachers have high expectations for each and every learner and implement developmentally appropriate, challenging learning experiences within a variety of learning environments that help all learners meet high standards and reach their full potential. Teachers do this by combining a base of professional knowledge, including an understanding of how cognitive, linguistic, social, emotional, and physical development occurs, with the recognition that learners are individuals who bring differing personal and family backgrounds, skills, abilities, perspectives, talents and interests. Teachers collaborate with learners, colleagues, school leaders, families, members of the learners’ communities, and community organizations to better understand their students and maximize their learning. Teachers promote learners’ acceptance of responsibility for their own learning and collaborate with them to ensure the effective design and implementation of both self-directed and collaborative learning.

Standard #1: Learner Development. The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

Standard #2: Learning Differences. The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

Standard #3: Learning Environments. The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

**Content**
Teachers must have a deep and flexible understanding of their content areas and be able to draw upon content knowledge as they work with learners to access information, apply knowledge in real world settings, and address meaningful issues to assure learner mastery of the content. Today’s teachers make content knowledge accessible to learners by using multiple means of communication, including digital media and information technology. They integrate cross-disciplinary skills (e.g., critical thinking, problem solving, creativity, communication) to help learners use content to propose solutions, forge new understandings, solve problems, and imagine possibilities. Finally, teachers make content knowledge relevant to learners by connecting it to local, state, national, and global issues.

Standard #4: Content Knowledge. The teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make the discipline accessible and meaningful for learners to assure mastery of the content.

Standard #5: Application of Content. The teacher understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.

**Instructional Practice**
Effective instructional practice requires that teachers understand and integrate assessment, planning, and instructional strategies in coordinated and engaging ways. Beginning with their end or goal, teachers first identify student learning objectives and content standards and align assessments to those objectives. Teachers understand how to design, implement and interpret results from a range of formative and summative assessments. This knowledge is integrated into instructional practice so that teachers have access to information that can be used to provide immediate feedback to reinforce student learning and to modify instruction. Planning focuses on using a variety of appropriate and targeted instructional strategies to address diverse ways of learning, to incorporate new technologies to maximize and individualize learning, and to allow learners to take charge of their own learning and do it in creative ways.

Standard #6: Assessment. The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher’s and learner’s decision making.

Standard #7: Planning for Instruction. The teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.

Standard #8: Instructional Strategies. The teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.

**Professional Responsibility**

Creating and supporting safe, productive learning environments that result in learners achieving at the highest levels is a teacher’s primary responsibility. To do this well, teachers must engage in meaningful and intensive professional learning and self-renewal by regularly examining practice through ongoing study, self-reflection, and collaboration. A cycle of continuous self-improvement is enhanced by leadership, collegial support, and collaboration. Active engagement in professional learning and collaboration results in the discovery and implementation of better practice for the purpose of improved teaching and learning. Teachers also contribute to improving instructional practices that meet learners’ needs and accomplish their school’s mission and goals. Teachers benefit from and participate in collaboration with learners, families, colleagues, other school professionals, and community members. Teachers demonstrate leadership by modeling ethical behavior, contributing to positive changes in practice, and advancing their profession.

Standard #9: Professional Learning and Ethical Practice. The teacher engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

Standard #10: Leadership and Collaboration. The teacher seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.

Education Department link:  [http://www.randolphcollege.edu/education/](http://www.randolphcollege.edu/education/)

The Virginia Department of Education’s licensure regulations with their emphasis on content knowledge require new teachers to exceed the federal highly qualified standard. Additional information on these requirements may be found at the following link: [http://www.doe.virginia.gov/teaching/highly_qualified/index.shtml](http://www.doe.virginia.gov/teaching/highly_qualified/index.shtml)

**Liberal Studies Major** (formerly known as Curricular Studies)
The Liberal Studies major is strongly recommended for all students seeking elementary PreK-6 licensure. You must be accepted into the Teacher Education Preparation Program no later than the semester following the semester you declared the Liberal Studies major. Students with this major must also complete the Professional Studies component and satisfy all requirements for the Virginia Elementary Education PreK-6 License.

PROFESSIONAL UNDERGRADUATE

COURSES FOR SECONDARY LICENSURE
(Grades 6-12, PreK-12*)

Endorsements for secondary education licensure can be completed in: biology, chemistry, dance (PreK-12*), earth science, English, French (PreK-12*), health and physical education (PreK-12*), history and social science, Latin (PreK-12*), mathematics, music instrumental and vocal/choral (PreK-12*) physics, Spanish (PreK-12*), and theatre arts (PreK-12) and visual arts (PreK-12*). Additional endorsement may be added in algebra I.

EDUC 101 .......... Foundations of Education and Teaching Profession .................. 3
EDUC 203, 203L   Leadership and Mentoring the Adolescent ................................ 2/1
EDUC 213 .......... Dimensions of a Global Society and Multicultural Education ...... 3

EDUC 318P ........ Practicum in Secondary teaching in Subject Area ........................ 2
EDUC 361 .......... Survey of Special Education .................................................. 3
EDUC 495 .......... Intern Teaching in Secondary Schools ................................... 12

* Students seeking a PreK-12 license may substitute either EDUC 207/207P or EDUC 306/306P for EDUC 230.

Detailed information and course descriptions can be found in the college catalog by following this link: [http://www.randolphcollege.edu/registrar/catalog/](http://www.randolphcollege.edu/registrar/catalog/)
STUDENT RESPONSIBILITIES

Professional coursework:
The expectations of the Teacher Education Preparation Program exemplify professional attitudes and behaviors. Upon acceptance to the Teacher Education Preparation Program, students are considered teacher candidates. Professional behavior includes prompt, daily attendance in class and to all field assignments, thorough preparation for each class and field experience, and all work completed and submitted when due. Students are to uphold the Randolph College Honor System. Evaluation will reflect the degree of professionalism demonstrated. The opportunity to intern teach depends in part upon demonstration of professionalism in coursework and field experiences.

Intercollegiate athletics:
Students who wish to participate in intercollegiate athletics must plan with the course instructor the specific absences and departure times. Early release times are limited to three (3) for games only. The schedule must be given to the course instructor at the beginning of the semester. Student athletes complete a form available from the coach that confirms dates, times and make up procedures. During the intern teaching semester students may not leave their teaching responsibilities at the school for practices. If time is missed for a game/competition the day must be made up at a later date. This policy is to uphold the teaching responsibility of the full time intern teachers and their obligation to the students they teach.

Field Experiences:
For many courses in the Teacher Education Program, a practicum/lab (P or L) is a co-requisite. These field experiences offer teacher candidates an opportunity to observe practicing teachers and to implement the teaching and assessment strategies presented in the professional studies courses. Students must conduct themselves in a professional manner at all times while participating in a local school. Professional conduct includes dress, manner of speech, attitudes and behaviors. Students should dress in a mature, professional style. Jeans and casual clothes are not allowed. The use of cell phones, and other personal electronic devices is prohibited. Students are to report to the assigned classroom promptly and fully prepared. Guidelines for attendance, as previously stated, are strictly enforced. If a student is too ill to attend a practicum visit (doctor’s note required), the student must telephone the local institution’s office when it opens, even if the assigned time is for later in the day. The student is required to phone the College Instructor for that practicum.

Please note:
- Students are responsible for transportation to local schools for all field experiences (practicum courses and intern teaching).
- A fingerprint background check and a Department of Social Services check are required for all field placements. If you have lived in another state during the past five years you are required to complete a form for a social services check in that state in addition to the Virginia DSS check. Students are responsible for paying fees associated with these background checks. Requirements may vary among school divisions.
- The SVEA offers liability insurance coverage to its members free with membership dues.
- TB test documentation is required for intern teaching (see Appendix H).
PROFESSIONAL BEHAVIORS

As a teacher candidate you represent yourself, your college, and the teaching profession, so please remember to be

- positive in your interactions with faculty, staff, students, and parents.
- respectful to students, public or private humiliation of students is never acceptable.
- professional in your attire (no jeans – unless school-wide casual day, no sandals, no bare shoulders or mid-drifts, no see-through clothing, check skirt length while sitting and standing, avoid anything that might be distracting to students), adhere to school division policies regarding dress and body piercing.
- on time with lesson plans and other required paperwork – if you are not prepared the hours will not count toward the program requirements.
- on time to your building and classroom, know, respect, and adhere to school time schedules and routines – if you are consistently (more than twice) late to a placement your grade will be affected if you miss or are late more than three times you will be asked to withdraw from the class.
- mindful that no eating, drinking, or gum chewing should occur in the classroom unless permitted and unless the students are also permitted the same opportunity.
- mindful that all excused and unexcused missed time is to be made up (arrange with classroom teacher) and that unexcused absences will result in reduction of the final grade.
- mindful that as a teacher candidate your behavior in and out of the classroom and school reflects your level of professionalism.
- cautious in your use of social media. Do not allow students/parents access to your social media accounts. Be careful to monitor what you post – all posts should reflect professional attributes.
Undergraduate APPLICATION TO THE TEACHER EDUCATION PROGRAM

Acceptance to Randolph College does not guarantee acceptance to the Teacher Education Preparation Program. Candidates for teacher licensure must demonstrate exceptional academic and personal qualities that are identified by the Randolph College Education Department faculty and are based upon the Commonwealth of Virginia standards and national educational teaching standards (CAEP).

**Application Deadlines:**
Applications to the Teacher Education Program must be submitted to the Registrar’s Office on or before the **third Monday in October or the third Monday in February**. Late or incomplete applications will not be considered until the next due date. (application forms can be found in APPENDIX C).

**The following courses are open only to undergraduate students who have been accepted into the Teacher Education Program (or by special permission):**

Secondary and PreK-12 Licensure path:
EDUC 318 Teaching in the Subject Area
EDUC 318P Practicum in Teaching in the Subject Area
EDUC 495R Intern Teaching in Secondary Schools

Elementary PreK-6 Licensure path:
300 Level courses with the exception of EDUC 361 Survey of Special Education
EDUC 493R Intern Teaching in Elementary Schools
Undergraduate Application Checklist

Please assemble all items in the following checklist and submit the entire, completed package (including the checklist) to the Registrar’s Office, on or before the third Monday in October or the third Monday in February. Late or incomplete applications will not be considered until the next due date.

- Application form (Appendix C)
- Praxis Core Academic Skills for Educators scores all three sections or VCLA (https://www.ets.org/praxis/prepare/materials/5306) and Praxis Core math or equivalent SAT/ACT scores
  Documentation must accompany application.
- Overall GPA (See Appendix L for worksheet)
- Professional Coursework GPA (all EDUC courses- see Appendix L for worksheet)
- Unofficial Randolph College Transcript
- Recommendations
- Personal Essay

I. A cumulative grade point average (GPA) at the time of admission to the Teacher Education Program (typically during the second semester of the sophomore year).

II. A grade point average (GPA) of 3.0 in at least 6 semester hours of professional education course work.

III. Recommendations from one education professor, one professor outside the education department, and a personal recommendation from outside the College.

IV. Personal essay providing a rationale for entering the Teacher Education Program.

Please note: Students interested in seeking a teaching license in any area and who hold a B.A. or B.S. degree must consult with a member of the Education Department faculty. Application for admission to the Teacher Education Preparation Program will include a review of prior course work and submission of passing scores on Praxis Core or qualifying SAT/ACT score and VCLA.
Graduate Program in Education

The complete Graduate Program description along with degree requirements is located in the Randolph College Catalog: [http://www.randolphcollege.edu/registrar/catalog/](http://www.randolphcollege.edu/registrar/catalog/)

**Master of Education, Master of Arts in Teaching:** Two master level degrees are available in the following areas: Curriculum and Instruction (elementary PreK-6 or Secondary 6-12) and Special Education- General Curriculum (K-12).

Information about how to apply to the Graduate Program: [http://www.randolphcollege.edu/teach/admissions-requirements/](http://www.randolphcollege.edu/teach/admissions-requirements/)

**Important Dates:**
Application deadline for M.A.T. and M.Ed. – Summer session: May 1
Applicaton deadline for M.A.T. and M.Ed. – Fall session: July 1

The online application: [http://www.randolphcollege.edu/teach/apply/](http://www.randolphcollege.edu/teach/apply/)

Students who hold a bachelor’s degree from another institution may participate in the M.A.T. program. Contact the Admissions Office for details. Additional coursework may be required for general licensure outside of the endorsement areas in curriculum and instruction or special education.

Current Randolph College students are not required to submit the application fee or interview with the Director of the Education Program if they have been accepted into the Randolph College Teacher Education Program. They must complete a graduate studies application in their senior year and submit letters of recommendation attesting to their graduate-level ability.

**How does the Graduate Program schedule operate?**
The Graduate program schedule is different from the undergraduate program. The academic terms are as follows: Summer term starts in May through July, fall semester (quarter 1 and quarter 2), January J term and spring semester (quarter 1 and quarter 2). The Graduate Program does not follow the undergraduate fall and spring breaks due to the intern teaching schedules in the public schools.

Commencement exercises for the MAT program: *Students who have completed all academic requirements for the degree except for the summer courses may participate in the Commencement ceremony.*

Note: Scores will be reported separately.

If you wish to take all three computer-delivered Praxis Core Academic Skills for Educators (Core) exams (5712, 5722, 5732) at the same time, select Core Academic Skills for Educators: Combined Test (5751) when registering. Scores will be reported by individual test (5712, 5722, 5732)

Registration information for Virginia required PRAXIS tests: https://www.ets.org/praxis/va/requirements

SUBSTITUTE TESTS FOR PRAXIS

On June 27, 2013, the Board of Education approved currently approved SAT and ACT substitute tests and Passing scores as substitute tests for the basic skills entry assessment to be accepted until comparison studies using the Praxis Core Academic Skills for Educators Tests: Reading (5712); Writing (5722); and Mathematics (5732) can be completed.

**SAT AS A SUBSTITUTE TEST**
- SAT Taken Prior to April 1, 1995 -- a score of 1000 with at least 450 on the verbal and 510 on the mathematics tests;
- SAT Taken After April 1, 1995 -- a score of 1100 with at least 530 on the verbal and 530 on the mathematics tests as a substitute for Praxis I.

**ACT AS A SUBSTITUTE TEST**
ACT Taken Prior to April 1, 1995 -- a composite score of 21, with the ACT mathematics score no less than 21, and an ACT English Plus Reading score no less than 37. [Please note that you must have taken and met passing scores for the ACT Mathematics and English Plus Reading tests. At one time, the English Plus Reading test was not offered.] ACT Taken After April 1, 1995 – a composite score of 24, with the ACT mathematics score no less than 22, and an ACT English Plus Reading score no less than 46.

The Virginia Communication and Literacy Assessment (VCLA) became effective January 1, 2006. Current passing scores required for licensure are listed at:

Praxis Series Reading for Virginia Educators (RVE): Elementary and Special Education test# 5306 RVE Passing Score is currently 157
VIRGINIA’S TECHNOLOGY STANDARDS FOR TEACHERS

● Operate a computer system including a variety of input/output devices and peripherals and utilize software including instructional, productivity, and application tools.

● Apply knowledge of terms associated with educational computing and technology including functional knowledge of various technology tools such as scanner and digital camera, computer presentation devices, and multimedia workstation.

● Apply productivity tools for professional use including student assessment, classroom administrative tasks, communication, and software tools to design, customize or individualize instructional materials.

● Use electronic technologies to access and exchange information including search strategies to retrieve electronic information and using worldwide telecommunications.

● Identify, locate, evaluate, and use appropriate instructional technology-based resources (hardware and software) to support Virginia Standards of Learning and other instructional objectives.

● Use educational technologies for data collection, information management, problem solving, decision-making, communications, and presentations within the curriculum including word processing, spreadsheet, and database software.

● Plan and implement lessons and strategies that integrate technology to meet the diverse needs of learners in a variety of educational settings including the use of multimedia and hypermedia.

● Demonstrate knowledge of ethical and legal issues relating to the use of technology.

PROFESSIONAL PORTFOLIOS

Students admitted to the Teacher Education Preparation Program are required to develop a portfolio to demonstrate and document achievement of professional knowledge and skills. The portfolios are developed in professional studies courses and culminate with a final revised professional portfolio at the conclusion of the intern teaching experience. The professional portfolio demonstrates evidence that the student has met the Teacher Education Performance Standards and Indicators and the Virginia Technology Standards for Teachers. The professional portfolio is an integral component of professional development and of the job search process. The current platform is Pathbrite.com. All teacher candidates will receive instruction about how to set up an account and share the professional e-portfolio with the Education Department faculty.

The revised InTASC Standards effective June, 2014 are tagged in the e-portfolios by the teacher candidates to give evidence of the standards demonstrated.

**Portfolio Evaluation Rubric**

<table>
<thead>
<tr>
<th>Student:</th>
<th>Date:</th>
</tr>
</thead>
</table>

**Rating Scale:** 5 = Excellent; 4 = Good; 3 = Satisfactory; 2 = Marginal; 1 = Unsatisfactory

This form is used at the end of the intern teaching semester to evaluate the performance of the candidate’s portfolio that demonstrates a wide range of skills and dispositions related to the skillful teacher. The ratings should be determined collaboratively by the three college faculty who teach the reflective seminar class that is attached to the Intern Teaching experience. This evaluation is based on a comparison of the evidence that the candidate provides aligned to the rubric which is correlated with the CAEP standards, the EPP Claims, and the InTASC standards. Once the candidate’s rubric is complete it will be shared with the candidate. Candidates have an opportunity to demonstrate their proficiency on all of the indicators through the semester in which they intern teach.

Rating Scale 5 – Excellent: Performance 4 – Good 3 – Satisfactory 2 – Marginal 1 – Unsatisfactory Total:

The candidate must have an average score of at least 80 to pass this section of the Intern Teaching requirements.

PROFESSIONAL MEETINGS AND CONFERENCES

Each of the learned societies associated with the teaching profession has a professional organization. These include the Association for Supervision and Curriculum Development (ASCD), American Association for Teaching and Curriculum (AATC), Council for Exceptional Children (CEC), National Council of Teachers of English (NCTE), National Council of Teachers of Mathematics (NCTM), International Reading Association (IRA), National Science Teachers Association (NSTA), National Council for the Social Studies (NCSS), National Association for the Education of Young Children (NAEYC), and Association for Childhood Education International (ACEI). Each of these organizations offers student memberships, publishes a refereed professional journal, and offers state, regional, and national conferences. Teacher Education students are encouraged to attend one or more national, regional, or state professional meetings or conferences.

STUDENT VIRGINIA EDUCATION ASSOCIATION (SVEA)

Randolph College sponsors a chapter of the Student Virginia Education Association (SVEA). The SVEA is affiliated with the Virginia Education Association (VEA) and the National Education Association (NEA). Teacher candidates are strongly encouraged to join SVEA and become active members. Students need not apply to the Teacher Education Program to join. The SVEA offers many opportunities to enhance professional skills and to develop professional contacts. Teacher candidates may participate in specially designed leadership training and attend professional development workshops with practicing teachers. Opportunities exist to interact with pre-service teachers at other colleges in the state and nation. **SVEA also provides liability insurance, free magazine subscriptions, and offers a well-developed job placement service.** Professor Woods is the faculty advisor for the SVEA.
INTERN TEACHING
ELIGIBILITY FOR INTERN TEACHING

The prerequisites for eligibility for intern teaching placement include:

1. official acceptance into the Teacher Education Program

2. a grade point average of 3.0 in major and professional education courses combined.

3. submission of passing scores on Praxis Core Academics Skills for Educators (Core) exam or SAT/ACT equivalent or Praxis Core math and the VCLA - Documentation must accompany application

4. scores submitted on Praxis II subject tests for the licensure areas you plan to teach - Documentation must accompany application

5. demonstration of professional behaviors and attitudes

6. background check as required by all school divisions to be completed prior to intern teaching

*Elementary and special education students* must take the Reading for Virginia Educators (RVE).

See the next page for application checklist.
Randolph College
Intern Teaching Application Checklist

Name: _______________________________  Date: ____________

Please assemble all items on the following checklist and submit the entire completed package (including the checklist) to the Placement Coordinator in the Education Department Office on or before the mid-term one semester prior to the intern teaching placement.

☐ Application for Intern Teaching (forms for both elementary and secondary are in Appendices E,F and G depending on your licensure area)  **Late applications will not be guaranteed a placement**

☐ Official institutional copies of qualifying **VCLA** scores  
  **Documentation must accompany application**

☐ Official institutional copies of appropriate **Praxis II** exam scores  
  **Documentation must accompany application**

☐ Unofficial Randolph College Transcript

☐ Overall **GPA**

☐ Major **GPA (see Appendix L for worksheet)**

☐ Professional Studies **GPA (see Appendix L for worksheet)**

☐ Certificate of TB test (within 12 months) must be on file before the first day of intern teaching. (See Appendix H)

☐ Background Check Completed (required for all school divisions- separate fees apply)

☐ Child Protective Services & Nationwide Sex Offender Registry (CPS) – if you have lived in another state during the past 5 years you must apply to the State CPS for a background check. Request this paperwork from the Education Department Placement Coordinator (LG 610).

☐ Undergraduate Secondary only – letter from major advisor

☐ Elementary PreK-6 and Special Education- General Curriculum only- **RVE** test results  
  **Documentation must accompany application**

☐ List all practica experiences (course title, course #, grade level and total hours).
Intern Teaching Information

Candidates for teacher licensure must successfully complete intern teaching (grade of B or above). Undergraduate Intern teaching is scheduled for the entire fall or spring semester. Graduate intern teaching varies depending on the program schedule. Teacher candidates are expected to maintain the contract hours of the school and of their assigned Clinical Instructor (subject to variation depending on the school) and to attend faculty meetings, parent conferences, parent-teacher organization meetings, school board meetings, and other obligations as part of the intern teaching experience. Teacher candidates are strongly urged to limit course enrollment to intern teaching and one additional three-credit course. Enrollment in any course must not interfere with the intern teaching schedule or any duties and obligations of the intern teaching placement. Students are permitted early release from the assigned school only to attend a senior seminar. Students who wish to enroll in a course other than a senior seminar should meet with the Chair of the Education Department prior to registering for that course.

Teacher candidates are responsible for their own transportation. Resident teacher candidates should contact food services to arrange for boxed breakfast and/or lunches during intern teaching. Please give dining services 24-hours notice when boxed meals are needed. When schools are closed, the student should notify food services that the boxed meal is not necessary. If boxed meals are ordered, the meal plan will be charged unless the order is canceled.

The Education Department, in cooperation with designees of the local school divisions, will determine assignments. Teacher candidates’ preferences will be considered, but students will not be guaranteed a choice of assignment. Teacher candidates must accept the intern teaching assignment offered. Under no circumstance is a teacher candidate to contact local school personnel to request an assignment.

- Intern teachers are required to respect and follow all the policies and procedures described in this manual.
- Emergency absences or changes must be reported immediately to the College Faculty and the College Supervisor, as well as, the classroom teacher. Failure to do so may result in the termination of the placement.

Please note:
- Students are responsible for transportation to local schools for all field experiences (practicum courses and intern teaching).
- A fingerprint background check and a Department of Social Services check are required for all field placements. If you have lived in another state during the past five years, you are required to complete a form for a social services check in that state in addition to the Virginia DSS check. Students are responsible for paying fees associated with these background checks. Requirements may vary among school divisions.
- The SVEA offers liability insurance coverage to its members free with membership dues.
- TB test documentation is required for intern teaching (see Appendix H).
CODE OF ETHICS OF THE INTERN TEACHER

Intern teaching emphasizes the processes of becoming a teacher and its purpose is the full assumption of the teacher's role in a learning community. Based on NEA’s Code of Ethics

Intern teachers should recognize and accept as their responsibility:

- To place school duties and obligations ahead of personal wishes
- To accept assigned duties and obligations ahead of personal wishes
- To follow school regulations, routines, and policies
- To report for all school appointments and duties on time
- To plan all work and submit plans to the Clinical Instructor prior to teaching classroom lessons
- To safeguard all personal and confidential information concerning students and to use it only for professional purposes
- To refrain from making unprofessional comments about the College program, the cooperating school, and the community
- To follow the rules of basic courtesy toward school administrators, teachers, students, and members of the community
- To show appreciation for all services rendered
- To dress according to professional standards
- To endeavor continuously through daily reflections to discover and correct shortcomings, striving to attain professional maturity through continued study and effort
- To avoid partiality and favoritism toward students
- To strive to teach effectively and creatively with dedication and enthusiasm
- To become acquainted with students in the class through records, observations, and conferences with the Clinical Instructor, guidance counselors, and other staff members
- To explore a variety of teaching styles and begin to develop a personal teaching style
- To serve as a regular member of the teaching staff, participating in all professional and social activities (PTA, faculty meetings, assembly programs, conferences, home visits)
- To confer regularly with the Clinical Instructor and the College Supervisor regarding progress, growth, and special problems concerning students and one’s teaching
- To provide the College Supervisor with full information concerning teaching schedules
Intern Teaching Contract (Sample)
First Placement

I, ____________________________, have read this contract. I accept the provisions listed and agree to abide by the policies and regulations. I understand that there are consequences if I do not abide by all policies and regulations. I agree to:

• exemplify professional attitudes and behaviors.
• be positive in my interactions with faculty, staff, students, and parents.
• be respectful to students. I understand that public or private humiliation of students is never acceptable.
• be professional in my attire. I understand that jeans are not permitted, unless it is a school-wide casual day.
• free myself of campus and work responsibilities during each student teaching week to allow for a full-time commitment to teaching.
• adhere to a strict professional policy regarding attendance. This means that I will arrive at the time designated by the school division and/or follow my Clinical Instructor’s schedule. I understand that my first day of intern teaching is ______________ and my last day is ______________. I will attend every day, unless I have a serious illness – in which case I will provide my college supervisor with a note from the doctor. In the event that I must miss a day, I will notify my Clinical Instructor, college supervisor, and college faculty no later than 7:30 a.m. I also understand that I am required to make up any time missed.
• to inform my college supervisor and college faculty immediately if there are any changes to my schedule.
• obtain school closing information from the local radio or television stations or school division websites in the event of inclement weather. If make-up days are scheduled during my placement, I will fulfill my responsibilities.
• plan with my coach, Clinical Instructor, and college supervisor any specific absences and early departures associated with participating in intercollegiate athletics. The schedule will be given to my Clinical Instructor, college supervisor, and college faculty at the beginning of the semester. I agree to make up time missed. I understand that I may not leave my assigned school early for practice.
• attend all extracurricular activities with my Clinical Instructor. This includes, but is not limited to: faculty meetings, parent-teacher conferences, Child Study meetings, in-service opportunities, and after-school/week-end events.
• thoroughly prepare lesson plans, using one of the Randolph College formats, and submit them to my Clinical Instructor, college supervisor, and college faculty three to five days prior to teaching the lesson. I also understand that I must have completed lesson plans available to any observer at any time.
• abide by professional behavior regarding the use of cell phones, pagers, and other personal electronic devices in a school. I understand that the use of these devices during the instructional day is strictly forbidden.
• complete and submit all forms, logs, and paperwork associated with the intern teaching experience in a timely manner. I understand that I am responsible for securing forms and paperwork completed by my Clinical Instructor as part of my on-going evaluation. I understand that participation in regular conferences with my Clinical Instructor and college supervisor is required.

All interns are to attend and present at the Randolph College Research Symposium on ______________.

Signatures will be secured by the
Intern Teacher, Clinical Instructor and College Supervisor and dated
MINIMUM REQUIREMENTS FOR ALL INTERN TEACHERS

1. Develop written lesson plans required for all instructional activities, approved by the Clinical Instructor in collaboration with the college supervisor (refer to Sample Lesson Plan formats in Appendix A).

2. Provide data to indicate your improvement and proficiency in, planning, instruction, evaluation, management, and professionalism. To do this you are encouraged to video tape and critique several lessons over the course of your intern teaching experience. Ask your Clinical Instructor to critique work with you and work closely with your Clinical Instructor and College Supervisor to follow-up on identified areas for growth.

3. Develop a Professional Electronic Portfolio.

PERSONAL RESPONSIBILITY

Be particularly conscious of maintaining your physical and academic health, as a personal responsibility to yourself and to the profession. Intern teaching requires commitment, energy, and stamina. Present yourself to students and colleagues as rested, alert, enthusiastic, and eager to succeed. Adequate sleep, a proper diet, and conscientious hand washing are essential to maintaining your health during intern teaching. Manage your time wisely, balancing intern teaching with the weekly reflective and academic seminars. Rely on support from your Clinical Instructor, College Supervisor, peers, family, and friends.

PROGRAM COMPLETION- Exit Criteria

Completion of intern teaching does not guarantee completion of the Teacher Education Preparation Program. See College catalog under Education section.
REQUIREMENTS FOR TEACHER LICENSURE

To be recommended by Randolph College for teacher licensure to the Commonwealth of Virginia, the student must successfully complete the following:

1. Requirements for the Bachelor of Arts or Bachelor of Science degree, as described in the Academic Catalog

2. Overall cumulative Grade Point Average (GPA) - candidates must have GPA reviewed by the Chair of the Department or by the Director of Education.

3. Successful completion of required professional studies courses with an average GPA of 3.0 or above

4. Successful completion of intern teaching

Scores from the following as prescribed by the Virginia Department of Education:

5. Passing scores on Virginia Communication and Literacy Assessment (VCLA), a standardized test of basic skills (i.e., Reading and Writing) (Fee required) - Please submit documentation

6. Passing scores on Praxis II, a standardized test of subject area content, as prescribed by the Virginia Department of Education (Fee required) - Please submit documentation

7. Reading for Virginia Educators (RVE) (for elementary and special education candidates) scores (Fee required) - Please submit documentation

8. Application for licensure from the Virginia Department of Education - (Fee required)
PROCEDURES TO APPLY FOR A TEACHING LICENSE in Virginia

Randolph College Teacher License Application Checklist

Name: __________________________ Date: ____________

Please assemble all items on the following checklist and submit the entire completed package (including the checklist) to the Randolph College Education Department on or before the first Monday in May. Materials received after this date, will be processed in late August. December graduates are required to complete and submit their applications by the first Monday in December. Keep a copy of the application materials for your personal files.

☐ Application for a Virginia License – found on the Virginia Department of Education website. For the College Verification Form (part of the license application) complete only the top box and intern placement information and sign the form. http://www.doe.virginia.gov/teaching/licensure/application.pdf

☐ Check ($50.00 in-state/$75.00 out-of-state) – made out to “Treasurer of Virginia”

☐ Child Abuse & Neglect Prevention Certificate of Completion

☐ CPR/First Aid/AED card (copy)
  Note: The Education Department will schedule a CPR session to be hosted on campus for a nominal fee.

☐ Praxis II Scores – copy of official document (not needed for Special Education- General Curriculum)

☐ RVE Scores – official document (Elementary & Special Education)

☐ Signed Transcript Release Form for official Randolph College Transcript – available from the Registrar’s office (there is a $5.00 fee).

☐ Include one official copy of each transcript from other institution(s) where you have taken a class, classes or obtained a degree.

☐ VCLA Scores – official document
Appendix A- Sample Lesson Plan Formats

Teacher:

Subject Area:

Grade/age level:

Lesson Title:

Time Frame (also include time breakdown for each section of the lesson):

Instructional Method: (you must use multiple methods)

SOL: include only the SOL sub items that you are covering in the lesson – do not cut and paste the entire SOL

KNOW, UNDERSTAND, and DO (AKA – OBJECTIVES)

K- facts, vocabulary, terms, and examples that you want the students to use during the lesson

U- major concepts and sub concepts

D- the skills that you want your students to be able to do

Essential Questions:

Materials:

Technology:

Differentiation (process, product, content)

Anticipatory set/Advance Organizer/Introduction: List specific statements or activities you will use to focus student on the lesson for the day.

Content: What information is essential for the student to know before beginning and how will this be communicated to the student?

Modeling: If you will be demonstrating the skill or competency, how will this be done?

Guided practice: List activities which will be used to guide student practice and provide a time frame for completing this practice.

Checking for understanding (formative assessment): Identify strategies to be used to determine if students have met the objectives.

Closure: What method of review and evaluation will be used to complete the lesson?

Independent practice: List homework/seatwork assignment to be given to students to ensure they have mastered the skill without teacher guidance.

Reflection

Appendix B   APPEAL AND GRIEVANCE PROCEDURES

For all Randolph College appeal and grievance procedures see “Joint Statement of Rights and Freedoms of Students,” and “Grievances (Academic)” of the Randolph College Student Handbook.  

Education Department Due Process Procedures

An Intern may be withdrawn from the Teacher Education Preparation Program and Intern Teaching for the following reasons:

1. An Intern with a verifiable health problem which may cause excessive absences or cause the student to not be able to function in a professional manner may withdraw or be withdrawn with the approval of the College Supervisor, Clinical Instructor and Chair of the Education Department or designee.

2. An Intern may be withdrawn from the assigned teaching position whenever it is determined by the College Supervisor, Clinical Instructor and Chair of the Education Department or designee that she is not performing in the best interest of the students and is not showing sufficient instructional progress to continue in the program.

3. An Intern may be removed from a teaching position whenever the rules and responsibilities of the Randolph College’s Teacher Education Program Policies and Procedures Handbook or school board policies of the host school division are violated.

Procedures:

When it is determined by the College Supervisor, Clinical Instructor, and Education Department designee that an Intern Teacher has a verifiable illness, is not making sufficient instructional progress or has violated policies and/or procedures and is in danger of being removed from the intern teaching position, the following steps must be taken:

- A conference must be scheduled with the Intern, the College Supervisor, the Clinical Instructor, and the Education Department Chair or designee and other College personnel responsible for observing the intern. The Intern will be presented with the concerns and written artifacts that support those concerns. The Dean of the College will be notified as to the potential of an Intern being withdrawn from the program.

- If applicable, remedial steps should be outlined in writing and a date set for completion of the remediation process. The Intern will be informed at this time of the possibility of being withdrawn from the program if sufficient progress is not noted within the designated time frame. In cases where remediation is not an option due to the severity of the infraction, immediate dismissal may occur, i.e. when school board policies are violated.

- If the Intern fails to make sufficient improvement within the designated time, another meeting will be held with the same parties to make a decision concerning withdrawal. The Intern will be given the opportunity at this time to withdraw voluntarily from the program. This allows the Intern to have “Withdrawn” on their official transcript as opposed to a failing grade.

- The Intern will have the right to appeal within 5 working days of this decision to the Teacher Education Advisory Committee. The request for an appeal must be in writing and submitted to the Education Department Chair. A meeting will be scheduled within three working days. Members of the Teacher Education Advisory Committee will hear any additional information that the Intern wishes to present. If an intern is withdrawn for verifiable health reasons, they may reapply the following semester with sufficient documentation that they are able to continue the intern teaching process.

Please submit completed form to:
Registrar’s Office Randolph College 2500 Rivermont Avenue Lynchburg, Virginia 24503
STATEMENT OF UNDERSTANDING

This form is to be completed upon acceptance to the Teacher Education Preparation Program.

I accept admission into the Randolph College Teacher Education Preparation Program. I understand that I must meet all departmental requirements described in the Teacher Education Program Policies and Procedures Handbook to maintain admission in the program, to apply for intern teaching, and to complete the program. I understand that if I am accepted into the Teacher Education Preparation Program my application and progress information may be shared with the Virginia Department of Education and or the State Council for Higher Education in Virginia (SCHEV).

Signature ___________________________ Date ______________________
(Required to accept admission into the Teacher Education Preparation Program)

Please return to the Registrar’s Office with your application.
Appendix D  SUPERVISING THE INTERN TEACHER

GUIDELINES FOR THE CLINICAL INSTRUCTOR

The Clinical Instructor plays an important role in assuring successful intern teaching. Through the intern teacher preparation, guidance and knowledge, the intern teacher experiences the realities of teaching first hand. The Clinical Instructor demonstrates the challenges and responsibilities, as well as the pleasures and satisfactions, to be gained through successful teaching.

ORIENTING THE INTERN TO YOUR SCHOOL AND CLASSROOM

1. Prepare the class and parents for the intern prior to arrival to your class. Introduce the intern as a teacher (not as a student).
2. Provide a separate work area/desk (preferably not a student desk) in the classroom.
3. Provide the intern with a set of textbooks, manuals, curriculum guides, and handbooks.
4. Familiarize the intern with the school facilities, resources and policies and procedures.
5. Share important names, phone numbers and addresses.
6. Include the intern in classroom activities and experiences from the very beginning.
7. Explain to the intern the policies and methods of record keeping for attendance, grades, conduct, etc.

MENTORING THE INTERN

1. Include the intern in faculty and curriculum meetings.
2. Explain why you use specific materials and strategies. Help the intern to raise these questions when planning and teaching. Do not assume that an intern will be aware of your intent simply from observing you model a lesson or procedure. Explain your purposes.
3. Demonstrate the use of curriculum guides, Virginia Standards of Learning materials, and teacher’s manuals for your grade level.
4. Set aside a specific time for planning. An intern will need lots of assistance in the early stages of lesson planning. Engaged collaboratively in long-range planning early in the intern teaching placement and schedule the weeks during which the intern will assume full responsibility.
5. Explain school discipline policies and referral process to the intern from the beginning. Indicate how a situation will be handled if a pupil misbehaves when both of you are in the classroom. Who will be responsible for taking action?
6. When appropriate, include the intern in parent conferences or telephone conversations. Guide the intern to use appropriate communication skills to prevent parent alienation.
7. Accept each intern as an individual and do not compare the intern with previous interns you have known.
8. Gradually give the intern enough freedom so that the intern can have a feeling of independence and a chance to make mistakes. Leave the room for short intervals when the intern is teaching to allow the intern to exercise some degree of autonomy.
9. View the intern as a colleague. Remember to ask the intern for opinions and be sure to give the intern credit when the suggestions and ideas are utilized.
10. Help the intern to reflect on teaching and to implement recommendations for improving effectiveness.
EVALUATING THE INTERN

1. Discuss daily the strengths and weaknesses of the intern’s effectiveness and provide appropriate feedback and coaching.
2. Critique and approve each of the intern teacher's lesson plans, preferably three days prior to their implementation to allow time for corrections and revisions.
3. Complete a Classroom Observation form for each observed lesson and discuss it with your intern during weekly conferences. (Give the Intern Teacher and College Supervisor copies.)
4. Share frequently with the College Supervisor your assessment of the intern’s progress.
5. Inform the College Supervisor immediately of any serious problems.
6. Participate in at least one three-way conference with the intern and the College Supervisor to evaluate progress and identify areas needing improvement. Complete the final, summative Clinical Instructor Formal Evaluation of Intern Teacher. Review the evaluation with both the intern and the College Supervisor in a final conference.
7. Submit a letter of recommendation to the Chair of the Education Department.

REQUIRED FORMS:
- Clinical Instructor Datasheet
- Weekly observation forms
- Midterm and final evaluation forms
- Classroom Observation
- Clinical Instructor Formal Intern Evaluation Form of Intern Teacher
- Letter of Recommendation

TIPS FOR POSITIVE INTERPERSONAL RELATIONSHIPS

Be specific about your expectations of the intern teacher. Interns frequently do not respond to hints or suggestions because they have multiple pressures upon them. Do not assume the intern has picked up your hint. Ask the intern to verify what you communicated and to indicate what he/she plans to do and why.

Be honest about your feelings or beliefs, but do give constructive criticisms in the form of “I” messages. Example: “I find it difficult to help you with your lesson plans when you give them to me the morning you are to teach them. I need them the day before.” Rather than, “If you’d turn in the plans when you’re supposed to, you wouldn’t have this problem.” Placing blame only causes defensiveness and hurt feelings that may hinder optimum performance. Focus on the intern’s skills and dispositions not on your past experiences.

Allow interns to “own” their feelings of anxiety or frustration. Saying, “Oh tomorrow is another day” does not always help. Try asking for specific concerns and recommend concrete actions.

Be accepting of questions the intern may ask. Sometimes intern teacher’s progress more slowly than necessary because they fear asking a question and appearing unprepared. Often they feel they should know the answer even if they do not. Be open, and encourage specific questions.

Remember that learning to teach is developmental. Each teaching intern is different even though they come to you from the same College. Please do not compare one intern with another; simply compare what the intern does today with what the intern did yesterday.

Accept the intern as a colleague. Include them in conversations. Tell them about professional organizations and responsibilities. Help them to feel a part of the school, not an intruder.
RESPONSIBILITIES OF THE COLLEGE SUPERVISOR

Serve as a liaison between the participating school and the College.

Participate in intern teacher and Clinical Instructor orientation

Assist in planning and conducting the weekly reflective teaching seminar

Observe the intern as the intern works with students. Each intern teacher will be observed a minimum of 6 times per placement. When appropriate, more frequent observations and conferences will be scheduled. Complete a Classroom Observation /Intern Teaching Evaluation Form for each observed lessons and discuss it with your intern during a post-observation conference. (Give the Intern Teacher and Clinical Instructor copies.)

Confer with the intern before and after observing to:

- assist in planning
- facilitate the intern’s reflective process, helping the intern interpret teaching experiences in light of sound educational theory and practice
- offer support and encouragement
- share experiences and suggestions

Seek resolution of unsatisfactory intern teaching experiences with the intern, Clinical Instructor, and the principal. In the event that removal of a student teacher is necessary, the College will do so after due process has been guaranteed (see "Removal of Intern Teacher").

Participate in at least one three-way conference with the Clinical Instructor, intern teacher and Supervisor to evaluate progress and identify areas needing improvement (mid-term evaluation).

Complete the Final Intern Teaching Evaluation Form prior to the final conference with the Clinical Instructor and Intern

Participate in a final, summative evaluation conference with both the intern and the Clinical Instructor.

Concur with the Clinical Instructor in determining the final grade for the Intern.
GUIDELINES FOR CONFERENCING WITH AN INTERN TEACHER

Conferencing involves planned interactions between the Clinical Instructor or College Supervisor and the intern teacher. Establish a cyclical process that takes into account the planning and preparation preceding a lesson to be observed and the necessary feedback after observing a lesson that informs the planning and preparation of the intern's next lesson. To be effective, each classroom observation of a lesson requires both a pre- and a post-conference:

1. **Pre-observation conference.** Check the intern teacher's lesson planning. Review the lesson objectives and the level of the instructional activities according to the needs and abilities of the intern’s students. Determine the desired outcome(s) of the lesson. Ask about the teaching and learning environment to be established (e.g., seating, materials, sequence, pacing, etc.). Inform the intern of the nature of your upcoming observation and your methods of recording data for subsequent analysis and discussion.

2. **Post-observation conference.** Exchange information. Review, explain, and interpret your observational data or notes. Encourage the intern to assess teaching performance and the reactions of the students. Go over samples of student work, if possible, and critique methods of assessment. Identify areas of improvement and determine future directions in planning and implementation.

The focus of a conference must extend beyond the behaviors demonstrated and observed during the lesson. The intern teachers’ thinking goals, purposes, objectives, outcomes, and assessment measures greatly influence the implementation of instructional activities. The intern teacher benefits from the perspective of the observer. Point out patterns in teacher-student and student-student interactions. Analyze teacher talk and questioning. Examine student needs by indicating differences in student reactions to the lesson and on assessment activities. Encourage reflection by the intern teacher about the role as teacher in context with beliefs about role of the students.

**EVALUATION OF INTERN TEACHING**

The evaluation process is a critical component of mentoring an intern teacher. This process is continuous, collaborative, and performance based. Both the Clinical Instructor and the College Supervisor will provide frequent feedback to the intern in informal conversations and formal conferences throughout the semester. With the coaching of mentors, the intern is actively engaged in reflection.

Regular written evaluations permit the intern to chart professional growth and to focus on specific areas needing development. Specific suggestions describing what the intern needs to do to improve competence in each area are necessary.

Evaluation is based on multiple input including: formal observations, seminar participation, journaling, portfolio development, and attendance. In order for this process to be effective, the intern must engage in constructive self-evaluation and reflection. The intern teacher must also accept the feedback and evaluations of others constructively.

Professional judgments of the intern’s growth will be documented on the Intern Teacher Weekly/Final Evaluation form. Each intern will be observed in a classroom-teaching situation weekly by the Clinical Instructor. The college supervisor (and/or an Education Department faculty member) will also make at least six formal observations. Evidence of growth toward the competencies required of all teachers for successful performance will form the basis for determining a final evaluation, a grade, and eligibility for licensure.
The final grade is awarded by the College Supervisor, with input from the Clinical Instructor and the intern. The grade reflects the quality of the intern’s performance in the classroom. Other considerations include professional attitude, motivation, content presentation, and classroom management.

**REMOVAL FROM INTERN TEACHING**

Intern teaching is a learning experience, and the Clinical Instructor and College Supervisor recognize that the intern will make mistakes and learn from these mistakes. Successful teaching is expected, but not guaranteed. However, occasionally problems of a chronic or severe nature may arise which preclude the continuation of intern teaching and/or prevent recommendation of the intern for licensure. Each situation is unique and requires an individualized approach.

Intern teachers are subject to immediate removal from intern teaching without prior written notice for offenses which would be grounds for removal of an employed professional teacher (i.e. violation of federal or state laws or local school regulations). Serious violations of College regulations (such as Honor violations) also subject the intern teacher to immediate removal. Every effort is made to minimize the negative impact of the decision on all those involved. In all instances, the intern is consulted and informed fully as to the exact reasons for the actions being taken.

Good communication among the intern teacher, Clinical Instructor, and College Supervisor is essential. At the first sign of a serious problem, the College Supervisor should be notified. In most cases, the problem can be discussed and dealt with early, and the intern may complete intern teaching successfully. The goal of the intern teaching experience is to prepare each intern to assume, with competence and responsibility, the role of teacher. By the authority of the Commonwealth of Virginia, the College is responsible for conferring credit for intern teaching and for recommending the intern for licensure. This authority carries with it a responsibility to ensure that each intern recommended for licensure possesses the knowledge, skills, and attitudes to be a competent teacher.

Points to Keep in Mind:
1. The primary purpose of evaluation is to help the intern develop and grow as a teacher
2. Interns should be given many opportunities to practice reflection and self-evaluation
3. Evaluation, to be effective, must be continuous, cooperative, and specific
4. Evaluative conferences must balance both strengths and weaknesses

Some General Legal Principles to Guide the Intern Teaching Process:
1. The intern teacher is a learner and generally should function under the supervision of the Clinical Instructor
2. The Clinical Instructor must be fully aware of the intern teacher’s planned activities and their instructional appropriateness
3. The Clinical Instructor retains the responsibility for the care and well-being of the students
4. The intern teacher, like any other teacher, is responsible for personal-negligent acts and may be held liable for them.
5. The intern teacher enjoys the same civil and constitutional protections as do all teachers.
