Security Report

Randolph College shares the interests of families, students, and the community for the well-being and safety of all members of our campus population. We know that the basic responsibility lies with each of us to take measures to ensure our personal safety and the security of our possessions. While the College has experienced a history of a safe and secure environment, we must remember that no community is immune to crime or emergency situations. Our campus can remain safe only if members act responsibly toward themselves and others.

This report provides information, suggestions, and resources to help protect oneself and others. With this in mind, it is important that each individual take time to consider their role in campus safety. In essence, safety is viewed as a shared responsibility that involves members of the Randolph community working together to solve problems and concerns. Such a proactive approach will reduce the opportunity for crime to occur on our campus.

Campus Safety Department

The Randolph College Department of Campus Safety is committed to the values of integrity, helpfulness, sensitivity, and consistency while providing services to the campus community twenty-four-hours-a-day. Campus Safety Officers may be reached any time day or night by calling the Reception and Information Desk at 434-947-8000, by pressing “0” on any campus telephone extension, or by face-to-face contact with a campus safety staff member at the Reception and Information Desk. The Reception and Information Desk, located in the Main Hall lobby, is staffed by qualified Communications Operators around the clock. Assistance may also be requested by activating one of the thirty-six emergency phones across campus. The Campus Safety Office is located in the Smith Memorial Building on the first floor, room 103. The office of the Associate Director of Campus Safety and Security may be found next door in room 101, and the office of the Director of Campus Safety may be found in the Dean of Student’s suite of offices on the east wing of Main Hall.

Enforcement Authority

The Campus Safety Department consists of eight uniformed, unarmed officers, operating twenty-four hours each day of the calendar year. All officers are non-sworn staff members with no authority to arrest. Each officer is certified as a Campus Security Officer (CSO) by the Virginia Department of Criminal Justice Services. CSOs patrol campus properties on foot, in golf carts, and in marked motor vehicles. CSOs only have authority on Randolph College property.

Randolph College Campus Safety Officers have authority to:
Ask individuals on campus for identification in order to determine if a person(s) have a legitimate reason for being on College property;
Address and report possible violations of College policies, state/local laws, or ordinances committed by students to the Dean of Students office, or to the Lynchburg police if deemed necessary;
Address and report possible violations of College policies, state or local laws, or ordinances committed by College employees to the appropriate administrator for action or follow up;
Address health and safety concerns that may affect the wellbeing of students and/or employees;
Issue citations for parking infractions, and apply immobilization devices for repeated infractions as allowed by Randolph College parking regulations.

In addition to providing emergency and non-emergency responses, vigilant campus patrols by foot and marked vehicles, crime prevention information and emergency preparedness training, the Department of Campus Safety is responsible for many other campus services including:

- Immediate radio dispatch of Campus Safety Officers to emergency and non-emergency situations, initial investigations of crime and incident reports, suspicious person(s) and/or activity, and requests for service;
- Response to medical and fire emergencies;
- Monitoring of campus emergency alarm systems, including fire and intrusion alarms;
- Administration and monitoring of card access control system and passive observation of closed circuit television system cameras;
- Coordination of transportation and shuttle services;
- Maintaining a centralized lost and found repository area;
- Assisting campus motorists with minor vehicular issues;
- Production and maintenance of the Randolph College Paw Pass/identification card;
- Conducting security assessments and suggest safety improvements;
- Act as the contact point for urgent maintenance requests after business hours.

Professional Standards
All members of the Randolph community can expect to be treated in a courteous and professional manner by members of the Campus Safety team. The Campus Safety Department’s positive relationship with the population it serves is vital to achieving our overall mission of a safe and secure campus. The quality of our service is dependent in part upon feedback from its constituents. The department has established methods in which it recognizes exceptional performance by our team members, or in contrast, reporting a concern with any department member. These methods are:

- Reporting in person to the Reception and Information Desk in Main Hall lobby;
• Request to speak with the on-duty Campus Safety supervisor, associate director, or director of Campus Safety by calling 434-947-8000;
• Send written correspondence via United States Postal Service, addressing to: Director of Campus Safety, Randolph College, 2500 Rivermont Avenue, Lynchburg, VA 24503.

Relationship with Law Enforcement Agencies
In situations that require the attention of law enforcement, Campus Safety staff request assistance from the Lynchburg Police Department, the Bedford County Sheriff’s Department, and the Virginia State Police, as deemed necessary. Randolph community members, guests, or visitors requiring aid with crimes or emergency situations occurring off campus, should contact local law enforcement agencies directly. The Lynchburg Police Department and other City emergency services can be reached by dialing 911. Non-emergency services may be requested by calling 434-847-1602.

Randolph College has an established working relationship with the Lynchburg Police Department through regular collaboration. A memorandum of understanding exists with the Lynchburg Police Department and Randolph College in regard to Sexual Assault Provisions related to the prevention and response to campus sexual assault. In addition, an Authorization to Enforce Trespass Violations agreement is renewed annually to allow Lynchburg Police to apprehend and/or remove anyone who may be on College properties without permission. The College has limited contact with other area law enforcement agencies such as the Amherst County Sheriff’s Office, the Bedford County Sheriff’s Office, the Campbell County Sheriff’s Office, the Lynchburg Sheriff’s Office, the Virginia State Police, the FBI, and other Federal agencies.

The Lynchburg Police Department will inform Randolph Campus Safety should an emergency situation occur within a one-mile radius of the campus, if such is determined to pose an imminent threat to the safety of the College community. This communication may be accomplished by telephone, cellular phone, or via two-way radio.

Safety and Security on Campus
Campus grounds and streets are easily accessible to the general public by foot or vehicle. While the areas behind ‘the red brick wall’ are historically safe, students, employees, and visitors must take responsibility for their own personal safety and the safety of others. This can be accomplished in a number of ways:

- Do not walk alone! Walk with a friend, especially at night.
- Utilize the Safety Escort Service by calling Campus Safety (434-947-8000).
- Close and lock your door when you are out of your room or office.
- Do not leave ground-floor windows open or unlocked when you are not in your room or office.
● Lock your car; move valuables out of sight, to the trunk, or remove completely from the vehicle.
● Keep your key(s) and access badge (Paw Pass) with you.
● Be aware of the dangers posed by alcohol and drug use. Violent crimes occur more often when people are under the influence of alcohol or drugs.
● Report all suspicious activity or persons to Campus Safety or Lynchburg police (911).
● When in doubt, always err on the side of caution by calling Campus Safety!

A Safety Escort Service is provided upon request to any campus community member to or from any point within campus property boundaries, either on foot or by motorized vehicle. Please call the Reception and Information Desk at extension “0” from a campus phone, or dial 434-947-8000 to ask for a safety escort.

Randolph College Riding Center
As part of the College’s athletic programs, the off-campus Riding Center consists of a nearly 100 acre facility in Bedford County, Virginia, approximately seven miles from the main campus, located at 4762 Hawkins Mill Road, Lynchburg. The grounds are made up of The Claire Noyes Cox indoor arena, two outdoor rings, a jumping amphitheater, a modern multi-stall barn, paddocks, fenced pastures and a hunter trail course. The Center is accessible during operational hours for instructional sessions attended by students, and is typically staffed by Randolph employees, including a resident groom. Randolph College Campus Safety Officers do not commonly patrol the grounds or facilities at the Riding Center. In the event of an emergency, Bedford County emergency services should be contacted by calling 911.

The Riding Center closed on June 30, 2019.

Facility Access
College buildings, with the exception of residence halls, are unlocked and open during community business hours, Monday through Friday, accessible to students, employees, visitors, and invited guests. In facilities where public events are held, such as athletic competitions, academic presentations, or special guest appearances, access will be readily available during the scheduled event times. Such occasions are monitored by Campus Safety staff, and on occasion, Lynchburg police. Generally, academic buildings and administrative offices are closed and locked at the end of classes or at the close of daily business hours. Campus Safety Officers are vigilant during campus patrols and physical security checks during and after normal business hours.

Residential Visitation
Only members of the Randolph College community and invited guests are authorized to be in residence halls. Employee access is restricted to maintenance or academic assignments, duty
requirements, or emergency responses. Students must accompany their non-student guests at all times while in residential facilities and on campus grounds.

**Reporting Campus Crimes and Incidents**
Randolph College students, employees, and guests are strongly encouraged to promptly report all crimes, incidents, suspicious persons, or suspicious activity occurring on campus to Campus Safety, or to local law enforcement, even if the victim of the crime chooses not to file a report, or is unable to file a report.

To report a crime or other campus emergency, Campus Safety may be contacted:
- In person at the Reception and Information Desk in Main Hall lobby;
- By activating one of the campus Emergency telephones (see Emergency Telephones);
- By dialing 434-947-8000, or dialing extension ‘0’ from a campus extension;
- Dialing 911 to inform Lynchburg police;
- Anonymously report a crime to Campus Safety by accessing Silent Witness via this secure web address: [silent witness crime reporting form link](#).

Reporting all crimes and incidents that involve violence, threats of violence, theft, or other crimes to Campus Safety is extremely important, as it effectively increases the level of awareness and reduces the likelihood of crime on campus. By reducing opportunities for crime to occur, we can all work together to maintain a safe and secure environment.

The Lynchburg Police Department and other City emergency services may be reached by dialing 911. It is recommended that if Lynchburg emergency services are summoned to Randolph College that Campus Safety be notified as well. Campus Safety Officers will be dispatched to the scene to provide assistance while emergency personnel are en route.

Due to the nature of incidents and subsequent reports, Randolph College cannot guarantee the complete confidentiality of crime information. As deemed appropriate by the College, every effort will be made to maintain privacy of any crime report of a sensitive nature, so as not to reveal victim identity or information sources. The Department of Campus Safety will fully cooperate with law enforcement investigations to the extent allowed by College policies and procedures.

**Voluntary and Confidential Reporting**
Persons who decide not to pursue action with the criminal justice system or with Randolph College’s judicial system may want to consider making a confidential report. The Associate Director of Campus Safety and Security, or Director of Campus Safety, may file a report based upon the details of the incident without revealing a victim’s identity. The purpose of a confidential report is to comply with the victim’s wish to keep the matter confidential, while taking steps to ensure the future safety of others. With such information, the College can keep accurate records of the number of incidents involving students and employees to determine
whether there is a pattern of crime, and alert the campus community to potential danger. The confidential reports can be given to any Campus Security Authority. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution; however, identifying information remains anonymous.

The College will take reasonable steps to promptly investigate and to respond to the complaint. With confidential reports, the College will make attempts to address the concerns of the complainant, including concerns of retaliation. However, the request for a confidential report may limit the college’s ability to fully address a situation.

Campus Security Authorities
Federal law defines four categories of Campus Security Authorities or CSAs: College or University Police; Non-police security staff responsible for monitoring College property; People/offices designated under our policy as those to whom/which crimes should be reported; and Officials with significant responsibility for student and campus activities.

On the Randolph College campus, the following departments, offices or individuals are identified as CSAs:

- Campus Safety Department – primary receiver of campus incident reports
  - Campus Safety Officers
  - Communications Operators
- Dean of Students
- Executive Assistant to the Dean of Students
- Assistant Dean for Residence Life and Student Conduct
- Residence Life Staff
  - Resident Assistants (RAs)
  - Head Residents (HRs)
  - Assistant Director of Residence Life
- Director of Campus Life
- Coordinator of Student Engagement
- Esports Head Coach
- Director of the Health Center
- Director of the Counseling Center*
- Coordinator of International Student Services (position restructured into Director of ICI)
- Director of Multi-Cultural Services (position restructured into Director of ICI)
- Director Office of Identity, Culture, and Inclusion (newly created position effective July 1, 2019)
- Judiciary Chair and Vice-Chair
- Victim Advocates (includes students, faculty, and staff)
- Athletics
  - Director of Athletics
CSAs are obligated to report crimes reported to them which occurred on campus, in public areas bordering campus and in certain non-campus buildings owned or controlled (leased) by the College. CSAs should only report those crimes that have not been previously reported to the Department of Campus Safety or another College CSA. The intent of including non-law enforcement personnel in the CSA role is to acknowledge that some community members and students in particular, may be hesitant about reporting crimes to security or the police, but may be more inclined to report incidents to other campus-affiliated individuals.

*College professional and pastoral counselors, when acting in such capacities, are not considered to be campus security authorities and are not required to report crimes for inclusion into the Annual Security Report. However, they are encouraged to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

The pastoral or professional counselor exemption is intended to ensure that these individuals can provide appropriate counseling services without an obligation to report crimes they may learn about. This exemption is intended to protect the counselor-client relationship. However, even the legally recognized privileges acknowledge some exemptions, and there may be situations in which counselors are in fact under a legal obligation to report a crime.

In most cases it is possible for a CSA to fulfill their responsibilities while still maintaining victim confidentiality. CSA reports are used by the institution to compile statistics for Clery Act reporting and to help determine if there is a serious or continuing threat to the safety of the campus community that would require an alert (i.e., a timely warning or emergency notification noted in the next sections). However, those responsibilities can usually be met without disclosing personally identifying information. A CSA report does not need to automatically result in the initiation of a police or disciplinary investigation if the victim does not want to pursue this action.
The Director of Campus Safety and the Associate Director of Campus Safety and Security review all incident report forms and make a determination if an incident qualifies as a Clery Act reportable crime, and as such, is reportable in the Annual Security Report. The Director of Campus Safety will consolidate crime data and information from incident reports from multiple sources including:

- The Lynchburg Police Department;
- The Bedford County Sheriff’s Department;
- The Campbell County Sheriff’s Department;
- The Dean of Students office; and
- Campus Security Authority reports.

All physical documents are secured in the office of the Director of Campus Safety. A secure electronic reporting system is utilized for general, sensitive, and confidential communication, documentation, and case files.

**Emergency Response**

Upon receiving a report of a perceived emergency or threat to the Randolph College community, a Campus Safety Officer responds to the incident location in an attempt to confirm the validity and nature of the report, if safe to do so. Should assistance be needed, additional Campus Safety Officers, Lynchburg police officers, Bedford County and/or Campbell County Sheriff’s deputies, and Virginia State Police troopers may be summoned.

Lynchburg Fire Department personnel, which includes emergency medical personnel, will be summoned accordingly. Campus Safety Officers will attempt to contain the threat until assistance arrives, if safe to do so. As first responders arrive, they will assume authority as the primary responders following an established Incident Command structure. Campus Safety Officers will offer support to the primary responders. Should the emergency be significant, the College’s Critical Incident Management Team may be activated to support primary responders, and provide important information and direction to students, faculty and staff.

Upon confirmation of a substantial emergency or dangerous situation involving an immediate threat to the health and safety of campus community members, Randolph College notifies constituents by initiating a **timely warning** via text message, electronic mail, and/or outdoor siren system – activating the Campus Emergency Notification System. If building or facility evacuation or shelter in place notice is required, the timely warning will state such information. Additionally, a suspect’s personally identifiable information may be included in a timely warning if it is deemed necessary in a health and safety emergency.

**Emergency Communication/Notification**

Should a crime, emergency event, or weather-related emergency occur and notification is essential to warn the campus of a potentially dangerous situation, the Department of Campus
Safety staff on-duty, the Director of Campus Safety, the Associate Director of Campus Safety
and Security, the Dean of Students, and/or the Administrator on Call will issue an emergency
notification without delay, unless issuing a notification will, in the professional judgment of
responsible authorities, compromise efforts to assist a victim or to contain, respond to, or
otherwise mitigate the emergency. This notification is likely contained in an electronic mail or
text message format, disseminated to students and College employees. However, should a
situation warrant immediate notification of the community, campus safety team members have
the authority to transmit emergency message alerts and to activate the campus emergency
outdoor sirens. The Director of Campus Safety, the Associate Director of Campus Safety and
Security, the Dean of Students, and the Director of College Relations, will, without delay, work
together and prepare an updated release to be communicated to students and employees by
multiple means: electronic mail, text message, campus voicemail, room-to-room notification,
or posted messages in Main Hall lobby (Reception and Information Desk) or at the entrance(s)
to each residence hall or campus building.

The Campus Emergency Notification System will be activated. This may also trigger the
College’s Critical Incident Management Team to convene, requiring collaboration of its
members either in-person or by telephone conference in response to the situation or information
received. Lynchburg police and/or City emergency personnel may be summoned to assist in
resolving the situation or incident, depending upon the nature and severity of the event.

Security Alerts
A campus security alert is a timely warning issued to students and employees through the
College’s electronic mail system by the Department of Campus Safety, the Dean of Students, the
Director of College Relations, or the Administrator on Call. The purpose of the alert is to inform
the Randolph community that a crime or serious threat has occurred that may pose an on-going
concern to the campus. This message will also provide personal safety information for students
and employees, and self-protective recommendations for immediate and future use. The security
alert will state:

● “Security Alert” in the subject line;
● A description of the threat;
● A description of the crime suspect/subject(s) involved (if applicable/available);
● Suggested actions for self-protection; and
● Crime reporting contact information.

Message content is specifically determined by the author in order to facilitate prompt, yet
sufficient notification to the campus, providing as much information as possible regarding self-
protection. Follow-up security alerts may be sent offering new information or direction if it is
determined a continued threat exists to the campus community. A more succinct message may be
sent via text depending upon the nature, severity, and immediacy of the event.
Throughout extended breaks during the academic year, during periods the College is closed or students are not in-residence, security alerts are sent to all employees, taking into consideration the time of day, various work schedules, and holiday periods.

Students and employees are strongly encouraged to register for the free *Randolph Alerts* text message system via the College Portal found here: [https://randolphcollege.omnilert.net/subscriber.php](https://randolphcollege.omnilert.net/subscriber.php)

**Campus Emergency Notification System Testing**

Randolph College has adopted a quarterly testing policy for its Campus Emergency Notification System. Testing is part of normal maintenance and no public action is necessary, unless an emergency drill is included. (Key personnel may be notified should such a drill/exercise be conducted.) Testing will include activation of the outdoor campus sirens, *Randolph Alerts* text messaging, mass campus email messaging, desktop alerts, and telephone voicemail messaging. Documentation on each test will be maintained in the Department of Campus Safety. Documentation will include a description of the event, the date the test was held, the time the test started and ended, and whether the test was announced or unannounced.

During each test, the sirens will sound steadily for 30 seconds. **During an actual emergency, the sirens will sound intermittently for 1 minute and will likely be repeated multiple times depending upon the emergency.**

The alert system will be tested on the first Thursday of the following months at 11:00 a.m.:

- January
- April
- July
- October

The entire testing period should last no longer than 5 minutes. Emergency drills may also be included with proper notification to key personnel. This would extend the testing period indefinitely.

Note: Planned campus events may require testing dates to be altered.

**Emergency Preparedness**

Emergency preparedness is critical to the effectiveness of the response during a time of emergency. Following an “all-hazards” approach assumes that regardless of the cause, many emergencies call for the same response processes. The Randolph community continues to effectively work together to gain an understanding of what resources are available to react to an emergency and to recover from such an event. A large part of the preparedness process is to build upon established
relationships with local emergency responders, including police and fire department personnel. Such preparation occurs on campus with these first responders including pre-response planning, facility mapping, emergency access, and a host of other exercises and training.

Emergency Telephone Locations
The Randolph campus is equipped with thirty-six emergency telephones in parking lots, including the Admission Welcome Center (located across from the College’s main campus at 2711 Rivermont Avenue), outside all residence halls, adjacent to athletic fields and on major walkways. Once the red activation button is pressed, the caller is connected directly to the College communications operator at the Reception and Information Desk. A similar system, utilizing a handset receiver, is located in each campus elevator. (See next page for locations.)
Evacuation Information
Depending on the nature and severity of an emergency, the campus may be subject to evacuation. First responders and College officials will employ emergency actions deemed appropriate for the nature and seriousness of the emergency; the response may include a specific type of evacuation:

Shelter in Place
Individuals should stay where they are, or if possible, go to an interior safe area of the building – inner-most point of a structure. If you are told to shelter-in-place, quickly lock exterior doors and close windows, and air vents, if possible. Turn off all fans, heating and air conditioning systems, and clothes dryers. Some systems automatically provide for exchange of inside air with outside air. These systems, in particular, need to be turned off, sealed, or disabled. If there is danger of explosion, close the window shades, blinds, or curtains. Seek additional information via text or email.

Building Evacuation
1. Exit the building as calmly and quickly as possible using the nearest safe exit. DO NOT USE ELEVATORS.
2. Alert ALL persons in your area. Turn off all ignition sources.
3. Close windows and doors, leave the door unlocked, wear a coat and shoes, and take a towel to place over your face in case of smoke.
4. Proceed to the assigned meeting area outside your building and await further instructions. Stay well away from the building and windows.
5. If the campus is evacuated, proceed to the campus assembly area for transportation to the evacuation center when the signal is given. Do not return to an evacuated building until permission is granted from fire officials or Campus Safety.
6. If a single building is evacuated, students will be moved to available housing on campus or to a lounge in a safe building.
7. Residence Life staff (HRs and RAs) will assist in the evacuation of the resident halls, ensure that all residents have evacuated, close all doors, and keep all persons at a safe distance from the building.
8. Building Shepherds, Housekeeping, and Maintenance staff will assist in the evacuation of non-residential buildings by directing occupants to the nearest safe exit and ensure that all occupants have evacuated.
9. The fire department will assume control of the building for all hazards. Full cooperation must be given to the fire department by students and staff.
Where to go
One or more buildings evacuated, but not the entire campus, persons must move to a designated location noted as an Evacuation Assembly Area;
1. Front campus Gazebo;
2. Rear campus Michels Plaza;
3. Tennis Courts

Campus-wide Evacuation to On-Campus Location(s)
All persons on campus must move to a designated on-campus location;
1. Front campus Gazebo;
2. Rear campus at Michels Plaza;
3. Tennis Courts;
4. The MAC Gymnasium.

Campus-wide Evacuation to Off-Campus Location(s)
All persons on campus must leave the campus and go to designated off-campus location(s). Such an effort will involve the coordination of transportation with outside resources, including the City of Lynchburg, or other private entities. It is not recommended that individuals use personal vehicles when evacuating the campus without a predetermined destination point. Accountability of all persons is of the utmost importance during a campus emergency.

During the course of an emergency, Campus Safety Officers, the Critical Incident Management Team, or authorities may modify evacuation plans or decisions as deemed appropriate to the emergency and through consultation with the Incident Commander, local police, or fire officials.

Critical Incident Management Plan
Randolph College is committed to supporting the welfare of its students, faculty, staff, and guests. Preparing a campus critical incident management plan and allocating resources to respond to possible emergencies is one way in which the College offers this support. The College conducts regular planning sessions, and tabletop exercises to minimize the risk of personal injury and property loss from critical incidents, and is actively involved with Lynchburg emergency preparedness efforts.

The Critical Incident Management Plan (CIMP) is designed to maximize human survival and preservation of property; minimize danger; restore normal operations of the College; and assure responsive communications with the College, surrounding neighborhoods, cities, and towns. This Plan is set in operation whenever a natural or induced crisis affecting the College reaches proportions that cannot be handled by established measures, and is set on a foundation of an all-hazards approach. A crisis may be sudden and unforeseen, or there may be varying periods of
warning. The CIMP is intended to be sufficiently flexible to accommodate contingencies of all types, magnitudes, and duration.

Key members of the Critical Incident Management Team review the CIMP at least annually to adapt appropriate responses to campus emergencies and revise response actions based upon lessons learned and newly developed best practices.

**Critical Incident Management Team**

In the event of a crisis or serious incident, whether observed or reported, the Director of Campus Safety or Associate Director of Campus Safety and Security, will notify the President, the Provost and Vice President for Academic Affairs, the Dean of Students, and the Vice President for Finance and Administration to convene the Critical Incident Management Team (CIMT). The CIMT is comprised of members from Randolph College administration and selected department heads. This is further illustrated in the document link found above. The CIMT will be assembled in-person or by telephone conference to address the immediate crisis and disband when the crisis has ended and normal operating systems are in place, as determined by incident commanders.

The Incident Command System, developed by the Federal Emergency Management Agency, has been adopted as standing protocol by Randolph College and is utilized to the best of our ability during times of emergency.

The Critical Incident Management Team is composed of the following members:

- Dean of Students (Chair)
- Vice President for Finance and Administration (Co-Chair)
- Assistant Dean for Residence Life and Student Conduct
- Director of Campus Safety (Co-Chair)
- Director of Buildings and Grounds
- Director of Human Resources and Title IX Coordinator (Co-Chair)
- Director of College Relations
- Director of Athletics
- Chief Technology Officer
- Director of Dining Services
- Other section leaders as deemed necessary

**Threat Assessment Team**

The Threat Assessment Team (TAT) serves in a prevention capacity to ensure the safety and security of the students, faculty, staff, visitors, and guests within the campus. Recognition of potential threats requires communication between College personnel and the Randolph community.
The TAT is charged with developing comprehensive fact-based assessments of students, employees, or other individuals that may present a threat to the College, and is empowered to take timely and appropriate action, consistent with College policy and applicable laws.

The Threat Assessment Team consists of the following members:
- Dean of Students (Chair)
- Provost and Vice President for Academic Affairs
- Associate Provost
- Assistant Dean for Residence Life and Student Conduct
- Director of Student Success
- Director of the Counseling Center
- Director of Campus Safety
- Director of Human Resources and Title IX Coordinator

**Crisis Intervention Training**

Crisis Intervention training is comprised of 40 hours of specialized training in psychiatric diagnosis, suicide intervention, substance abuse issues, de-escalation techniques, the role of the family in the care of a person with mental illness, legal training in mental health and substance abuse issues, and local resources for those in a mental health crisis. In addition to classroom instruction, officers-in-training also participate in nine hours of role playing exercises based on real-life scenarios and spend an entire day visiting mental health and substance abuse inpatient and outpatient treatment facilities where they have the opportunity to engage in one-on-one dialogue with mental health consumers.

The training is designed to educate and prepare Campus Safety Officers who come into contact with people with mental illnesses to recognize the signs and symptoms of these illnesses and to respond effectively and appropriately to individuals in crisis. Because officers are often the first responders in these incidents, it is essential that they know how mental illnesses can alter one's behaviors and perceptions. The trained CIT Officer is skilled at de-escalating crises involving those with mental illness, while bringing an element of understanding and compassion to these difficult situations.

CIT has shown to positively impact officer perceptions, decrease the need for higher levels of police interventions, decrease officer injuries, and re-direct those in crisis from the criminal justice to the health care system. The CIT Training is accredited by the Department of Criminal Justice Services (DCJS).

Closed Circuit Television (CCTV) Monitoring

Randolph College is committed to providing a safe environment by incorporating the best practices of campus security with state of the art technology. A critical component of a comprehensive security plan is the use of Closed Circuit Television cameras. Such technology is capable of monitoring and recording campus activity. The purpose of CCTV monitoring is to deter crime and to protect the safety and property of the Randolph College community in accordance with existing College policies. Monitoring of residence hall entrances/exits and adjoining public areas for safety and security purposes at the College is limited to uses that do not violate a reasonable expectation of privacy as consistent with the traditions of liberal arts colleges.

A CCTV Committee exists to monitor the use of cameras and to make decisions regarding their installation, location and use. The Committee is comprised of seven (7) members including College administrative personnel, staff, faculty, and student representatives, and convenes at least once per semester.

Safety and Security Considerations in Facilities Maintenance

Safety and security-related maintenance concerns should be reported to the Buildings and Grounds Department at 434-947-8109 Monday through Friday 8:30 a.m. to 4:30 p.m. or to the Reception and Information Desk 24/7 by dialing 434-947-8000 or extension “0” from any campus telephone. Each work order received is prioritized based upon the nature of the issue (personal safety and security; electrical or water leak issues; other minor reports). Select Buildings and Grounds personnel are on-call and may be reached after regular business hours via the Reception and Information Desk for more urgent matters.

The College has an actively engaged Safety Committee which meets monthly during the academic year. Committee members regularly identify, inspect and report safety and security concerns, and follow up to see that such are addressed in a timely manner. Facility safety and security is a priority in the planning of campus renovations or construction projects. The Director of Campus Safety is regularly invited to participate in planning and project meetings held with campus entities and contracted personnel, providing input on life safety, physical and cyber security matters.

Residence Halls

Campus Safety Officers routinely patrol common residence hall areas from dusk to dawn. All outside doors are secured and controlled by electronic card access twenty-four hours per day.
Each student has a programmed access card known as a Paw Pass, and an individual room key. A Residence Life staff member is present in each residential facility.

To enhance student safety, residents are asked to follow a few points on personal safety and security:

- Only members of the Randolph community and invited guests are allowed in residence halls. Students are required to accompany their non-student guests at all times. All student policies must be followed, as stated in the “Student Handbook.”
- All residence hall room doors can be secured by key, and it is strongly suggested that a resident’s room door be locked when they are not present.
- Room keys and Paw Passes should be kept with the student at all times. DO NOT lend these to anyone!
- If a room key or Paw Pass is lost or stolen, contact Campus Safety or a Residence Life staff member immediately.
- DO NOT allow strangers to follow behind or ‘piggyback’ into a residence hall. Notify Campus Safety from a safe location of the individual’s presence should this occur.

Residential facility protective features include security screens, window alarms on all outside fire escapes, locks on student room doors, and smoke and heat detectors in the rooms. The fire alarm systems are centrally coordinated at the Reception and Information Desk, where an electronic monitor indicates the activated alarm location. Campus Safety Officers are dispatched via two-way radio and immediately respond to insure residents are evacuating/have evacuated, and to detect the presence of smoke or fire. Should an officer confirm an actual fire emergency, the Lynchburg Fire Department will be summoned to react right away. Fire drills are conducted a minimum of two times per academic year by the residence hall staff and campus safety.

**Note:** The College’s Annual Fire Safety Compliance Report and Fire Logs are published under separate cover and are available for review at the College’s Reception and Information Desk in Main Hall lobby during normal business hours, Monday through Friday, 8:00 a.m. to 4:00 p.m.

**Missing Student Notification Policy for Resident Students**

Anytime a member of the Randolph College community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify the Department of Campus Safety at 434-947-8000, or call 911 to alert Lynchburg police. Campus Safety will fully cooperate with local police to generate a missing person report and initiate an investigation. Communication to the campus and greater Lynchburg community will be guided through the Office of College Relations, law enforcement authorities, and local media outlets, to best elicit public assistance, as deemed necessary.

A student may be considered to be a "missing person" if the person's absence from campus is contrary to their usual pattern of behavior, and unusual circumstances may have caused the absence. Such circumstances may include, but are not limited to, a report or suspicion that the
person may be a victim of foul play, has expressed suicidal thoughts, is influenced by alcohol or drugs, is in a life threatening situation, or is overdue to return to campus and is unheard from after giving a specific return time to friends or family. All reports of missing persons will be investigated. If the missing student is under the age of 18 and is not an emancipated individual, the Department of Campus Safety or a representative of the Dean of Student’s office/Administrator on Call, will notify the student's custodial parent or legal guardian immediately. If the preliminary investigation indicates a need, local law enforcement agencies and parents will be notified immediately.

In addition to registering an emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by Randolph College in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, the College will notify that individual no later than 24 hours after the student is determined to be missing. Students who wish to identify a confidential contact can do so through the College’s Dean of Student’s office, or via self-service on the College’s intranet. Contact information is accessible only by the Administrator on Call, the Dean of Students, the Director of Campus Safety, or designee.

**Firearms, Explosives, and Weapons Policy**

Randolph College is committed to providing a safe and secure learning and working environment for students, faculty, staff, and visitors. The College prohibits the possession, use, and/or storage of firearms, explosives, or weapons of any kind on property owned, leased or otherwise controlled by Randolph College or at any Randolph College-sponsored event. This includes individuals who may legally possess a concealed weapons permit. Weapons include, but are not limited to, handguns, rifles, shotguns, BB guns, pellet guns, ammunition, switchblade knives, butterfly knives, metal/brass knuckles, bows and arrows, paintball guns, slingshots, or other devices that are commonly considered to be weapons which may be deemed as a threat to the safety and wellbeing of others. (This policy does not apply to law enforcement personnel duly authorized to carry such instruments.)

There are some authorized exceptions to this policy. Faculty, staff, students, and contractors working on campus may possess and use appropriate tools, such as saws, knives, and other items necessary for the performance of their job duties or sanctioned course work or athletics (i.e., archery equipment, starter pistol for track and field, etc.). The Director of Campus Safety must be made aware of such activities.

The College retains the final authority in evaluating potential dangers and determining what constitutes a weapon. Items that may be deemed as firearms, weapons, or explosives may be removed or confiscated from the possession of anyone on property owned, leased or otherwise controlled by Randolph College or at any Randolph College-sponsored event. Any violation of this policy may result in disciplinary action up to and including termination of employment,
student sanction or expulsion, and/or criminal charges as provided by Virginia law. Questions regarding this policy should be directed to the Director of Campus Safety at 434-947-8000.

**Alcoholic Beverages**
It is the responsibility of each member of the Randolph College community to know and comply with all Virginia state laws and College regulations, and to help prevent any abuses or excesses stemming from the use of alcoholic beverages. Randolph College does not encourage the consumption of alcoholic beverages, although consumption and possession of alcohol is permitted on College property and at College sponsored events, according to Virginia State Law and the College regulations outlined below.

**Virginia State Law**
The following is listed by requirement of Virginia law. Virginia's Alcohol Beverage Control Act details the possession, use and consumption of alcohol. The Act applies to all Randolph College students and employees.

It is unlawful for any person under age 21 to purchase or possess any alcoholic beverage. Complete information about Virginia State Law regarding alcohol possession and consumption is available at the following website:
http://lis.virginia.gov/cgi-bin/legp604.exe?191+ful+CHAP0628

**Penalties for Violation of State Law**
1. Violation of the law exposes the violator to a misdemeanor conviction for which the punishment is confinement in jail for up to twelve months and a fine up to $2,500, either or both. Additionally, such person's Virginia driver's license may be suspended for a period of not more than one year.

2. It is unlawful for any person to sell alcoholic beverages to persons under the age of 21 years of age. Violation of the law exposes the violator to a misdemeanor conviction for which the punishment is confinement in jail for up to twelve months and a fine up to $2,500, either or both.

3. It is unlawful for any person to purchase alcoholic beverages for another when, at the time of the purchase, he knows or has reason to know that the person for whom the alcohol is purchased is under the legal drinking age. The criminal sanction for violation of the law is the same as #2 above.

4. It is unlawful for any person to consume alcoholic beverages in unlicensed public places. Violating the law, upon conviction, exposes the violator to a misdemeanor conviction for which the punishment is a fine up to $250.

**College Policy regarding Alcohol Possession and Consumption**
This policy covers the use of alcoholic beverages on College property. Randolph students and their guests must observe Virginia law, which states that no person under the age of 21 may purchase, possess, or consume any type of alcohol.

Students 21 years of age or older are permitted to possess and consume alcohol at registered social events on designated College property and in Residence Hall rooms of students who are 21 or older.

Students under the minimum legal drinking age are not permitted to possess or consume alcohol anywhere on College property, including at registered social events or at College-sponsored events.

Sanctions for a policy violation range from a verbal warning to temporary or even permanent separation from the College depending on the severity of the violation. Please refer to the Adjudication Processes section of the Student Handbook for more information using this link: www.randolphcollege.edu/studenthandbook.

**Prohibited Conduct**

1. Possession, consumption, or purchase of alcohol by persons under the age of 21.
2. Distribution including the sale of alcohol to persons under the age of 21.
3. Public intoxication.
4. Distribution of alcohol to visibly intoxicated persons.
5. Possession of an open container of alcohol in a public space.
6. Driving under the influence of alcohol.
7. Participating in organized drinking games or possessing items used for drinking games (e.g. beer pong tables, funnels).
8. Possession of common sources of alcohol including kegs or alcoholic punch.
9. Using or distributing alcohol in an irresponsible way

**Definitions**

1. **Public intoxication**: the signs of physical or mental impairment resulting from alcohol use.
2. **Open container**: any container not in its original, unmodified, manufacture-sealed packaging.
3. **Public space**: all indoor and outdoor College property including, but not limited to, stairwells, hallways, classrooms, lounges, storage spaces, group meeting spaces, the student center, and other spaces of common or restricted student access.
4. **Non-public space**: Residence Hall rooms and those spaces designated as an “event-space”
approved through the College’s event registration process.

5. Irresponsible use/distribution of alcohol: when the intended or foreseeable outcome is either the abuse of alcohol or to become intoxicated. Such use includes when the consumption or distribution of alcohol results in potentially dangerous, harmful, or otherwise negligent behavior, such as becoming ill or vomiting from alcohol consumption.

**Alcohol in Residence Halls**

In addition to the previous information, the following applies specifically to Residence Halls:

1. Students may not host, or attend unregistered social events with alcohol in Residence Hall rooms or public spaces.

2. Students over 21 may gather in rooms (of residents who are 21 or older) and consume alcohol as long as all other policies are complied with. (e.g. fire safety regulations, quiet hours, courtesy hours, etc.).

3. Events with alcohol must be registered with the Coordinator of Student Engagement. (Please refer to the Social Events with Alcohol Policy in the Student Handbook for more information.)

4. Students under the age of 21 may not possess empty alcohol containers. Regardless of age, excessive amounts of empty alcohol containers may constitute evidence of the irresponsible use of alcohol.

**Amnesty or “Good Samaritan” Clause**

The College may choose not to pursue conduct charges against any student transported to the hospital by an emergency medical service due to their over consumption of alcohol provided the student transported calls for help or is called for in good faith out of concern for that person’s health and safety. Students may be hesitant to report to College officials (Residence Life staff, Campus Safety, etc.) because they fear they may be accused of policy violations, such as underage drinking. In such cases, educational options, not punitive options, will be explored to resolve these cases.

To encourage students to offer help and assistance to others, the College utilizes this same policy of amnesty for students who offer help to others in need due to over-consumption of alcohol, or prohibited substances. Those who call for help may also not face an official judicial response.

The Dean of Students may choose not to extend this policy to the same person repeatedly.
**Safe Harbor Clause**
Students who bring their own drug use, addiction, or dependency to the attention of College officials on their own volition without being pressured to do so by the circumstances, such as an investigation, may not face a judicial response. Students will be referred to the Health and Counseling Center. Failure to comply with the requirements laid out by the Health and Counseling Center will nullify this Safe Harbor protection and violations will be handled in accordance with standard procedures.

**Effects of Alcohol**
Alcohol consumption alters behavior. Even small amounts (one to two drinks) can impair mental judgment and hinder coordination, impairing a person’s ability to drive, or walk safely, or can lead to poor social choices. Heavy consumption (four or more drinks in a day) causes observable impairment to mental functions, impairing the ability to learn, memorize and perform academically, sometimes for weeks after the drinking occurred. Severe drinking can cause respiratory and/or organ failure, brain damage, depression and death. If combined with other central nervous system depressants or drugs, any amount of alcohol could produce these effects. Alcohol abuse can lead to permanent impairment, and physical/psychological dependence. When alcohol consumption ceases after prolonged heavy use withdrawal symptoms can include severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening.

**Education and Risks of Alcohol Use**
The following is a partial list of the adverse effects of alcohol use on the individual and society arranged by source.

*Alcohol affects your brain.* Drinking alcohol leads to a loss of coordination, poor judgment, slowed reflexes, distorted vision, memory lapses, and even blackouts.

*Alcohol affects your body.* Alcohol can damage every organ in your body. It is absorbed directly into your bloodstream and can increase your risk for a variety of life-threatening diseases, including cancer.

*Alcohol affects your self-control.* Alcohol depresses your central nervous system, lowers your inhibitions, and impairs your judgment. Drinking can lead to risky behaviors, including having unprotected sex. This may expose you to sexually transmitted diseases or cause unwanted pregnancy.

*Alcohol can kill you.* Drinking large amounts of alcohol can lead to coma or even death. Also, 1 out of every 3 traffic-related deaths is alcohol-related.

Students are expected to be familiar with the health risks associated with alcohol use and abuse. Confidential alcohol counseling and referrals for current students are available through the College's Counseling Center free of charge. For information about local meetings of Alcoholics
Anonymous (AA), students may call 434-847-4733 or refer to the Lynchburg Support Groups information in the Health and Counseling Center and the Dean of Students office.

The alcohol policy may be viewed in its entirety at: www.randolphcollege.edu/studenthandbook.

Illegal Drugs
The unlawful possession, use, or distribution of illicit drugs is prohibited by the College. Students are obligated to function under the legal standards set forth in local, state, and federal statutes. Law enforcement officials with proper documents may search any campus building without prior notice, within the constraints of a legal search. The College cooperates fully with officials including the Lynchburg Police Department, Virginia State Police, Federal law enforcement agencies, and the U. S. Postal Inspections Office.

Randolph College prohibits the possession, use, and/or distribution of synthetic cannabinoids (synthetic marijuana, Spice, K2, etc.), and of chemicals known as “bath salts.” Distribution of an illegal drug may include but is not limited to selling, giving, sharing, and trading. Possession of drug paraphernalia items such as glass smoking pipes, hookas, bongs, marijuana bowls, grinders, scales, and other items used for the preparation or consumption of illegal drugs or substances are also prohibited and will be confiscated by Campus Safety Officers or law enforcement officials. Confiscated paraphernalia must be documented in the incident report prepared by Campus Safety and/or Residence Life personnel. Any deeper exploration of a student room in seeking additional illegal drugs or paraphernalia must be approved by the Dean of Students, as sought by the Director of Campus Safety, or the Associate Director of Campus Safety and Security. Law enforcement officials may seek permission to search a student room following police departmental proper legal protocols.

Students are expected to be familiar with the health and safety risks associated with the illegal or improper use of drugs, including prescription drugs used improperly. These include possible dependence or addiction, reduced resistance to disease, danger of overdose, and impairment of motor skills and judgment that may cause the user to engage in behaviors that place them at risk. Students may seek drug counseling and referrals at the College's Counseling Center. Employees may seek assistance from Employee Assistance Program providers offered through the Human Resources office.

College disciplinary action for illegal possession, use, or distribution of drugs, and possession of drug paraphernalia, may include referral for criminal prosecution. A student may also be sanctioned if found responsible for the intent to see or distribute drugs on campus. In addition to College sanctions, members of the College community are subject to legal penalties, fully outlined in the Code of Virginia. Punishment for any conviction in a court of law for drug offenses can range from monetary fines, community service, probation, temporary confinement, imprisonment, or any combination thereof.
Drug-Free Workplace Policy

Randolph College, as a recipient of federal student aid and federally funded grants, is required to comply with the Drug-Free Workplace Act of 1988, and the Drug-Free Schools and Communities Act of 1989 and Department of Education regulations implementing such legislation. These acts require the College to undertake certain actions and adopt various procedures relating to the misuse of controlled substances in the workplace. In accordance with the Drug-Free Schools and Communities Act of 1989, the College will distribute the policy annually to employees.

The College is committed to providing a safe learning and work environment that is free of alcohol and drugs that may impair judgement and job performance that could result in harm to self or others. To ensure the College’s commitment to compliance, employees are subject to disciplinary action up to and including termination for the unlawful manufacture, distribution, dispensing, sale, offering, possession, or use of a controlled substance (except consumption of alcohol at social events, in moderation, with prior permission). In the case of a faculty member, the regular processes will be used; in the case of a staff member, the final personnel action will be determined by the administration. Any discipline will depend on the circumstances, but could include termination of employment or could consist of requiring the employee to complete satisfactorily a drug abuse assistance or rehabilitation program.

Notification of Convictions:

Employees of Randolph College are required to follow this policy as a condition of employment and abide by the terms of this policy. Employees who are convicted of or plead guilty to criminal drug charges must notify the College as soon as possible thereafter, within five (5) calendar days of such a conviction. (Faculty should notify the Provost and Vice President for Academic Affairs and staff should notify the Director of Human Resources.) If applicable, the Sponsored Programs Officer will notify the granting agency in writing, copying the Provost and Vice President for Academic Affairs and/or the Director of Human Resources, within 10 calendar days of receiving such a notification.

Employees who operate a motor vehicle as part of their job duties must also notify the College immediately of any conviction or guilty plea under any charge of driving under the influence, reckless driving, or other serious driving offenses. The College may consider the pendency or possibility of appeals in determining appropriate discipline.

Awareness Program:

1. Each new employee will be provided a copy of this policy by Human Resources, and additional copies of this policy can be obtained in the Human Resources Office.
2. Literature on the many health risks associated with the use of illicit drugs and the abuse of alcohol will be distributed to employees during New Employee Orientation, yearly in the Annual Security and Fire Safety Report, and periodically through the College’s wellness program. See Health Effects of Drugs and Alcohol in the Appendix.

3. Randolph College offers an Employee Assistance Program (see Employee Assistance Program in the Benefits section) to all employees and members in their households for counseling, identifying, and resolving substance abuse problems. The College has retained All Points EAP & Organizational Services. Employees may call All Points EAP at the below number to make an appointment.

Required Disclosure of Arrests

College campuses are not immune from the dangers faced elsewhere in society. It has become increasingly important that schools take reasonable steps to help protect the safety of the members of their communities. One such step now being taken by many colleges and universities is a requirement that their students promptly report any arrests involving them.

At Randolph College, students must report within three days any criminal process that has begun for them (whether by means of detention, court summons, citation, or other similar process) no matter where the incident occurs. This requirement applies to any criminal process resulting from felony charges of any nature and charges for offenses involving violence or the threat of violence or serious harm to other people.

Examples include, but are not limited to assault/battery, sexual assault/battery, stalking, resisting arrest, driving while intoxicated or under the influence of drugs, and reckless driving resulting in injury.

If unsure whether a particular arrest is covered under this policy, disclose. While failure to report a criminal process covered by this policy will not result in a Honor Code violation, it can result in referral for possible conduct violations and adjudication.
Disclosures can be made by notifying the Director of Campus Safety at 434-947-8144. A response to your disclosure will be made by the Director of Campus Safety or their designee.

**Campus and Community Sexual Violence Awareness and Prevention Programs**

Randolph College is opposed to all forms of sexual and gender-based violence, and we actively work to prevent it from occurring in our community. We want to provide a safe and non-discriminating place to study, live, and work. Some programs are tailored for specific populations while others are offered to the entire Randolph College community. The College requires all new students and employees to complete training in the recognition, prevention, and reporting of sexual violence, including dating and domestic violence, stalking, sexual assault (to include non-consensual sexual touching and non-consensual sexual intercourse), and other forms of sexual harassment. Randolph College encourages all student and employees to immediately report incidents of sexual misconduct. The College has policies and procedures to ensure prompt and fair investigation and resolution on these matters.

**Program Definitions**

**Awareness Programs**: Community-wide or audience-specific programming, initiatives and strategies that increase audience knowledge, and share information and resources to prevent violence, promote safety, and reduce perpetration.

**Ongoing Prevention and Awareness Campaigns**: Ongoing prevention and awareness campaigns are those programs that happen throughout the course of an academic year, which aim to reinforce information related to awareness, prevention, and response to sexual violence.

**Bystander Intervention**: Safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander Intervention includes recognizing situations of potential harm; understanding institutional structures and cultural conditions that facilitate violence; overcoming barriers to intervening; identifying safe and effective intervention options; and taking action to intervene.

**Primary Prevention Programs**: Programming, initiatives and strategies intended to stop dating violence, domestic violence, sexual assault, and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.
Risk Reduction: Options designed to decrease perpetration and bystander inaction; increase empowerment for victims in order to promote safety; and help individuals and communities address conditions that facilitate violence.

Grounds for Discussion
This live, two-part program is offered to all first-year students by the College’s Davenport Leaders as a part of New Student Orientation. It is expected that all first-year students participate in Orientation events; the College’s Davenport Leaders work with small student groups and Orientation staff to help ensure participation.

The first part of the program consists of a series of live skits that bring to life and reinforce many of the topics discussed during Orientation, including sexual assault and bystander intervention. Skits are presented to the entire body of first-year students. Following this, first year students break into smaller groups for the second part of the program, which involves small group dialogue about the skits that is facilitated by Davenport Leaders.

Sexual Assault Prevention
The College introduces the Sexual Assault prevention online training in a letter from the Dean of Students sent to all new students/families. The new student then receives a follow up email invitation with instructions and login information on how to complete the training. The completion date for the training is set prior to the first day of classes. Additionally, students receive one email reminder prior to the due date. All students have access to a computer through one of the College’s computer laboratories, and headphones can be provided upon request (necessary to complete the module in a public space). Assistance is provided to any student who has difficulty accessing or interacting with the web-based content.

Any new student who fails to complete the requirement will have an administrative hold placed on their student account. This hold prohibits the student from registering for the next semester’s classes or from having transcripts released to a different institution. The hold is not removed until the required module is completed.

This interactive program reinforces many of the concepts addressed in Healthy Relationships. In addition, it also encourages critical thinking about:

• healthy alcohol use
• the hook-up culture
• bystander intervention
• State and Federal laws and definitions pertaining to sexual violence (see Virginia Code: https://law.lis.virginia.gov/vacode/title19.2/chapter9.1/section19.2-152.7:1/)
Bystander Intervention Training
Randolph College uses Bring in the Bystander, a research-supported training model from Prevention Innovations. Bystanders can play a critical role in prevention. We encourage individuals to watch out for one another and ask someone if they need help. We discuss safety tips to not make one’s self vulnerable and how to report. Bystander behavior is discussed in multiple trainings for new students, including a special session for residence life staff, the Randolph Programming Board, and Davenport leaders.

Hazing
All first-year students participate in a hazing presentation that is highly interactive and introduces students to the definitions of hazing, what forms are against the law, and which are against college policy. Students learn that Virginia law requires the campus to notify the local Commonwealth’s Attorney regarding certain types of hazing for consideration for prosecution. The program addresses various types of hazing including mental and physical hazing. Consequences for hazing are discussed, and real-life examples are incorporated so students can see the ramifications of actions. The program closes by addressing how to take action, including but not limited to not being a bystander.

Primary Awareness and Prevention Programming for New Employees
All new employees are required to complete an online training module, Bridges: Building A Supportive Community by Everfi. The module is distributed and overseen by the College’s Human Resources Department. Most employees complete the required training within two weeks of employment; all employees have to complete the training within two months of employment. The Director of Human Resources and Human Resources Assistant work in conjunction with faculty division heads and the Dean of the College to ensure compliance. All employees have access to a computer through one of the College’s computer laboratories, and headphones can be provided upon request (necessary to complete the module in a public space). Assistance is provided to any employee who has difficulty accessing or interacting with the web-based content. This program reviews:

- Randolph College’s prohibition of all forms of sexual and gender-based misconduct as outlined in the College’s Sexual Misconduct Policy, including but not limited to dating violence, domestic violence, sexual assault (non-consensual sexual intercourse and non-consensual sexual touching) and stalking
- federal and state laws that prohibit campus sexual violence (see Virginia Code below)
- how to identify forms of sexual violence and where to report them
- consent
- how to support and assist survivors of sexual violence, and
- how to prevent sexual violence on campus and in the workplace
- prohibited retaliation

Sexual Misconduct Policy For Students

IMPORTANT INFORMATION FOR THOSE WHO MAY BE A VICTIM OF SEXUAL ASSAULT, DATING VIOLENCE, DOMESTIC VIOLENCE, OR STALKING.

A. Policy Statement and Jurisdiction:

Randolph College is committed to maintaining a community in which learning and working can be conducted in an environment of human dignity and respect. The College stands opposed to all forms of harassment, including sexual and gender-based harassment, and will work to prevent such behavior within the College community. Sexual misconduct is antithetical to the values and standards of the Randolph community, is incompatible with the safe, healthy environment that the community expects and deserves, and will not be tolerated.

Title IX of the Higher Education Amendments of 1972 states that:

   No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.

   20 U.S.C. § 1681

Randolph College does not discriminate on the basis of sex in the education program or activity that it operates; it is required by Title IX and Section 106.8 (b) of the Federal Regulations not to discriminate in such a manner. This requirement not to discriminate in the education program or activity extends to admission and employment, and any inquiries about the application of Title IX and this part to the College may be referred to the Title IX Coordinator, to the Assistant Secretary, or both.

Under certain circumstances, sexual misconduct (as defined below) constitutes sexual discrimination prohibited by Title IX. Any act of sexual misconduct constitutes a violation of College policy. The College is committed to fostering a community that promotes prompt reporting of all
alleged acts of sexual misconduct and the timely and fair resolution of sexual misconduct cases. Creating a safe environment is the responsibility of all members of the College community. This policy is intended to define community expectations, to establish a mechanism for determining when those expectations have been violated, and to protect the rights and needs of Complainants and Respondents.

The College prohibits sex discrimination, sexual assault, sexual harassment, dating violence, domestic violence and stalking by anyone on College property. The College also prohibits such conduct committed by students, faculty, staff, volunteers, or vendors off College property, if:

1. The off-campus incident occurs as part of a College or College-recognized program or activity;
2. The College exercised substantial control over the respondent and the context in which the alleged incident occurred off-campus; or
3. The incident occurs at an off-campus building owned or controlled by a student organization officially recognized by the College.

B. Overview

In the case of allegations of sexual misconduct, this policy supersedes all other procedures and policies set forth in other College documents. The College reserves the right to take whatever measures it deems necessary in response to an allegation of sexual misconduct in order to protect students’ rights and personal safety. Such measures include, but are not limited to, modification of living arrangements, interim suspension from campus pending a hearing, and reporting the matter to the local police. Not all forms of sexual misconduct are equally serious offenses, and the College reserves the right to impose different sanctions, ranging from verbal warning to expulsion, depending on the severity of the offense. The College will consider the concerns and rights of both the Complainant and Respondent.

C. Terminology:

The following definitions apply to terms used throughout this Policy:

**Sexual misconduct** refers to any conduct or act of a sexual nature perpetrated in the United States against an individual without consent. Sexual misconduct can occur between strangers or acquaintances, including people involved in an intimate or sexual relationship. Sexual misconduct can be committed by men or by women, and it can occur between people of the same or different sex. The College encourages reporting of all sexual misconduct.

Sexual misconduct offenses include, but are not limited to: sex discrimination, sexual assault, sexual harassment; sexual exploitation; stalking; dating violence; and retaliation.
1. Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

a. **Quid Pro Quo** - An employee of the College conditioning the provision of an aid, benefit, or service of the College on an individual’s participation in unwelcome sexual conduct.

b. **Hostile environment** - Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to the College’s education program or activity.

2. **VAWA offenses include the following:**

a. **Sexual assault** is any sexual act directed against another person, without consent of the victim, including instances where the victim is incapable of giving consent.
   - **Rape** is the penetration, no matter how slight, of vagina or anus, with any body part or object or oral penetration by a sex organ of another person, without the consent of victim. This offense includes the rape of both males and females.
   - **Fondling** is the touching of the private body parts of another person for sexual gratification without the consent of the victim including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental capacity
   - **Incest** is sexual intercourse between persons who are related to each other with the degrees where in marriage is prohibited by law.
   - **Statutory rape** is sexual intercourse with a person who is under the statutory age of consent.

**Intimate partner** violence is often referred to as dating violence, domestic violence or relationship violence. Intimate partner violence includes any act of violence or threatened act of violence against a person who is, or has been involved in, a sexual, dating, domestic or other intimate relationship with the Respondent.

a. **Dating violence** is defined as violence committed by a person who is or has been in a social relationship of a romantic nature with the victim. The existence of such a relationship shall be determined based on the reporting
parties’ statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction.

b. **Domestic violence** is defined as a felony or misdemeanor crime of violence committed-
   
   - By a current or former spouse or intimate partner of the victim;
   - By a person with whom the victim shares a child in common;
   - By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
   - By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred;
   - By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

c. **Stalking** refers to a course of physical or verbal conduct directed at another individual that could be reasonably regarded as likely to alarm, harass, or cause fear of harm or injury to that person or to a third party. A course of conduct consists of at least two acts. The feared harm or injury may be physical, emotional, or psychological. Stalking includes cyber-stalking, in which electronic media are used to pursue, harass, or to make unwelcome contact with another person in an unsolicited fashion.

3. **Sexual exploitation** occurs when a person takes non-consensual or abusive sexual advantage of another person for their own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of the other sexual misconduct offenses.

4. **Retaliation** refers to acts or attempts to retaliate or seek retribution against the Complainant, Respondent, or any individual or group of individuals involved in the complaint, investigation and/or resolution of an allegation of sexual misconduct. Retaliation can be committed by any individual or group of individuals, not just a Respondent or Complainant. Retaliation can take many forms, including threats, intimidation, pressuring, continued abuse, violence or other forms of harm to others.

5. **Complainant** is an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

6. **Respondent** is an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment. The Respondent is presumed to be not responsible for
the alleged conduct until a determination regarding responsibility is made at the conclu-
sion of the grievance process.

7. **Title IX Coordinator** has ultimate oversight responsibility for handling Title IX related
complaints and identifying and addressing any patterns or systemic patterns involving
sexual misconduct. The Title IX Coordinator can answer questions regarding the process
for reporting, investigating, and adjudicating complaints of gender discrimination, sexual
harassment, sexual assault, or other potential Title IX violations. The Coordinator is
available to meet with individuals who are involved with or concerned about issues or
College processes, incidents, patterns, or problems related to sexual misconduct on cam-
pus or in College programs. The College’s Title IX Coordinator is:

Sharon Saunders
Director of Human Resources & Title IX Coordinator
Human Resources, Main Hall
2500 Rivermont Avenue
Lynchburg, VA 24503
Phone: (434) 947-8704
ssaunders@randolph.edu

Any person may report sex discrimination, including sexual harassment (whether
or not the person reporting is the person alleged to be the victim of conduct that
could constitute sex discrimination or sexual harassment), in person, by mail, by
telephone, or by electronic mail, using the contact information listed above, or by
any other means that results in the Title IX Coordinator receiving the person’s
verbal or written report. Such a report may be made at any time (including during
non-business hours) by using the telephone number or electronic mail address, or
by mail to the office address, listed for the Title IX Coordinator.

8. **Deputy Title IX Coordinator(s)** means College employees designed to assist the Title
IX Coordinator in responding to reports of sexual misconduct. Deputy Title IX Coordinators
can answer questions regarding the process for reporting, investigating, and adjudi-
cating complaints of gender discrimination, sexual harassment, sexual assault, or other
potential Title IX violations. They are available to meet with individuals who are in-
volved with or concerned about issues or College processes, incidents, patterns, or problems related to sexual misconduct on campus or in College programs. The following indi-
viduals have been designated as Deputy Title IX Coordinators:

- Amanda Denny, Assistant Dean for Residence Life and Student Conduct
  & Deputy Title IX Coordinator
Located in the Dean of Students Suite in Main Hall from 8:30 am to 5:00 pm. M-F or via email at adenny@randolphcollege.edu or 434-947-8291.

- Mara Amster, Professor of English & Deputy Title IX Coordinator
  Located in Smith Memorial Building Room 406 or via email at mamster@randolphcollege.edu or 434-947-8514..

9. **Investigator** is a neutral party in charge of handling the investigation of a formal complaint and who provides a detailed unbiased report that fully summarizes relevant evidence.

10. **Campus Security Authorities** (CSAs) function is to report allegations of Clery Act crimes made in good faith.

11. An **advisor** provides support and actively participates during the Title IX hearing in a cross examination role. The advisor may be any person, including an attorney.

12. **Report** is a notification of an alleged incident that occurred either on campus or as part of a College or College-recognized program or activity.

13. **Formal Complaint** is a document filed by a Complainant or signed by the Title IX Coordinator or Deputy Title IX Coordinator alleging sexual harassment against a respondent and requesting that the College investigate the allegation of sexual harassment. At the time of filing a Formal Complaint, a complainant must be participating in or attempting to participate in the education program or activity of the College.

14. **Education program or activity** includes locations, events, or circumstances over which the College exercised substantial control over both the respondent and the context in which the sexual harassment occurs, and also includes any building owned or controlled by a student organization that is officially recognized by a postsecondary institution.

15. **Supportive Measures** are defined as non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge, to the Complainant or Respondent, before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve access to the College’s education program or activity, without unreasonably burdening the other party; protect the safety of all parties and the recipient’s educational environment, and deter sexual harassment. Supportive measures may include, but are not limited to, counseling, course related adjustments, modifications of work or class schedules, modifications
to living arrangements, campus escort services, increased security and monitoring of certain areas of campus, mutual restrictions on contact between the parties, and other measures as determined on a case-by-case basis. The College must maintain as confidential any supportive measures provided to the Complainant or Respondent, to the extent that maintaining such confidentiality would not impair the ability of the College to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

16. **Standard of Evidence** The standard of proof in all sexual misconduct cases will be preponderance of the evidence. This standard requires the Decision-maker(s) to conclude that it is more likely than not that the respondent committed sexual misconduct in order for there to be a finding of responsible. This standard of proof differs from the higher standard used in criminal cases, beyond a reasonable doubt. Therefore, there could be instances when the criminal justice system declines to prosecute a case criminally but a finding of responsible is reached under this Sexual Misconduct Policy.

17. **Days** means business days when all College offices are open. This does not include weekends, holidays or inclement weather when College offices are closed.

**Consent**

Consent is clear, knowing, and voluntary. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in (and the conditions of) sexual activity. Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity and can be withdrawn at any time. Previous relationships or prior consent cannot imply consent to future sexual acts. Coercion, force, or threat of either invalidates consent.

Consent may never be given by:

(a) Minors, even if the other participant did not know the minor’s age.
(b) Mentally disabled persons, if their disability was reasonably knowable to a sexual partner who is not mentally disabled.
(c) Persons who are incapacitated (whether as a result of drugs, alcohol or otherwise), unconscious, asleep, or otherwise physically helpless or mentally or physically unable to make informed, rational judgments. The use of alcohol or other drugs does not diminish one’s responsibility to obtain consent and does not excuse conduct that constitutes sexual misconduct under this policy. If at any time during a sexual act any confusion or ambiguity is or should reasonably be apparent on the issue of consent, it is incumbent upon each individual involved in the activity to stop and clarify the other's willingness to continue and
capacity to consent. Neither party should make assumptions about the other’s willingness to continue.

(d) Because alcohol or other drug use can place the capacity to consent in question, sober sex is less likely to raise such questions. When alcohol or other drugs are being used, a person will be considered unable to give valid consent if they cannot fully understand the details of a sexual interaction (who, what, when, where, why, or how) because they lack the capacity to reasonably understand the situation. Individuals who consent to sex must be able to understand what they are doing. Under this policy, “No” always means “No,” and “Yes” may not always mean “Yes.” Anything but clear, knowing and voluntary consent to any sexual activity is equivalent to a “no.”

**Force**

Force is the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation (implied threats) and coercion that overcome resistance or produce consent.

**Other Misconduct Offenses (will fall under Title IX when gender-based)**

1. Threatening or causing physical harm, extreme verbal abuse, or other conduct that threatens or endangers the health or safety of any person;

2. Discrimination, defined as actions that deprive other members of the community of educational or employment access, benefits or opportunities on the basis of gender;

3. Intimidation, defined as implied threats or acts that cause an unreasonable fear of harm in another;

4. Hazing, defined as acts likely to cause physical or psychological harm or social ostracism to any person within the college community, when related to the admission, initiation, pledging, joining, or any other group-affiliation activity.

5. Bullying, defined as repeated and/or severe aggressive behavior likely to intimidate or intentionally hurt, control, or diminish another person, physically or mentally (that is not speech or conduct otherwise protected by the 1st Amendment).

**D. Required Training**

Any individual designated by the College as a Title IX Coordinator, investigator, decision-maker, or any person designated by a College to facilitate an informal resolution process shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual
complainant or respondent. The College will ensure that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receive training on the definition of sexual harassment, the scope of the College’s education program or activity, how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

The College will ensure that decision-makers receive training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant. The College will also ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, will not rely on sex stereotypes and will promote impartial investigations and adjudications of formal complaints of sexual harassment.

E. Reporting Sexual Misconduct

Randolph College strongly supports and encourages prompt reporting of sexual misconduct. If you believe you or someone you know has been a victim of sexual misconduct, you should report the incident(s) to the College’s Title IX Coordinator or to Campus Safety as soon as possible. Because sexual misconduct may constitute both a violation of College policy and criminal activity, and because the College grievance process is not a substitute for instituting legal action, the College encourages individuals to report alleged sexual misconduct promptly to campus officials and to law enforcement authorities.

Individuals may file a complaint at any time, but the College strongly encourages individuals to file complaints promptly in order to preserve evidence for a potential legal or disciplinary proceeding. The College’s investigation and resolution of a complaint (not including an appeal, if applicable) will generally be completed within 80 calendar days of the receipt of the complaint, absent extenuating circumstances. Any party may request an extension of any deadline by providing the Title IX Coordinator with a written request for an extension. The Title IX Coordinator may modify any deadlines contained in this policy as necessary and for good cause.

Any student may file a complaint against other students or employees of the College. In addition, a College employee may file a complaint against other employees or students of the College. Students and employees of the College may also file complaints regarding third parties who are not enrolled at or employed by the College if the conduct giving rise to the complaint is related to the College’s academic, educational, or extracurricular programs or activities. The College may not have jurisdiction to discipline third parties, but it can provide a student or employee with support services and, if appropriate, it will conduct an investigation of the incident to
ensure that it does not represent a pattern of sexual misconduct occurring at the College or involving its students or employees.

How to Report

Immediate Assistance
Follow the reporting options below if you or someone you know has been a victim of sexual misconduct:

Campus Safety, 24 hours a day, 7 days a week, dial 0 from an on-campus phone or 434.947.8000, or call the Lynchburg Police Department at 911.

Individuals are strongly encouraged to inform the Lynchburg Police Department about instances of sexual misconduct. Individuals may file reports directly with local law enforcement agencies by dialing 911. Note: Individuals may inform law enforcement authorities about sexual misconduct and discuss the matter with a law enforcement officer without making a formal criminal complaint (or a College complaint). Individuals who make a formal criminal complaint may also choose to pursue a College complaint simultaneously.

Individuals may contact any of the following for assistance in filing a report with local law enforcement:

- **Residence Assistants or Head Resident 24 hours a day, 7 days a week**
- **Title IX Coordinator - Sharon Saunders**

Individuals may also file anonymous reports by calling Campus Safety or completing a form online at [silent witness crime reporting form link](#). Individuals who choose to file anonymous reports are advised that it may be very difficult for the College to follow up or take action on anonymous reports, where corroborating information is limited. Anonymous reports may be used for Clery Act data collection purposes. The Clery Act requires all colleges that participate in federal financial aid programs to keep and disclose information about crime on and near their respective campuses.

Any person (i.e., the alleged victim, a bystander, a witness, a friend, or any other person) may report sexual misconduct to the Title IX Coordinator, thereby triggering the College’s obligation to respond. Upon receipt of such a report, the Title IX Coordinator will reach out to the Complainant, if known, to discuss the availability of supportive measures, regardless of whether a formal complaint is filed, consider the complainant’s wishes with respect to supportive measures, and explain to the complainant the process for filing a formal complaint. A Formal Complaint, which will trigger the grievance process set forth below, can only be filed by the individual who is the alleged victim of the misconduct or the Title IX Coordinator.

**Confidentiality & Anonymity**

A Formal Complaint must contain the complainant’s physical or digital signature or otherwise indicate that the complainant is the person filing the formal complaint; a formal complaint cannot be filed anonymously. A complainant’s identity may remain confidential from the respondent for supportive measures (to the extent possible while implementing the supportive measure), but to implement a grievance process to resolve allegations that a respondent has committed sexual misconduct against a complainant, the complainant’s identity must be disclosed to the respondent, if known.

**Review Committee**
As required under Code of Virginia § 23-9.2:15, in alleged cases involving sexual violence, the Title IX Coordinator will consult with a Review Committee. The Committee will include the Title IX Coordinator (or a designee); the Director or Associate Director of Campus Safety; and a member of the Student Affairs Division. The Title IX Coordinator may also include other members of the college community as deemed appropriate. This Committee shall convene within 72 hours of receiving the report.

The Review Committee will determine if disclosure of information to the law enforcement agency responsible for investigating the alleged act of sexual violence, including personally identifiable information, is necessary to protect the health or safety of the Complainant or other individuals, consistent with FERPA regulations. If the Committee determines this disclosure is necessary, the Title IX Coordinator will notify the Complainant of any disclosure that is made.

If the alleged incident would constitute a felony violation under Code of Virginia § 18.2-61, the Director or Associate Director of Campus Safety will consult with the Commonwealth’s Attorney within 24 hours of the Review Committee meeting, without disclosing personally identifiable information about the individuals involved.

Emergency Removal:

The College may remove a respondent from the College’s education program or activity on an emergency basis, provided the College undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Individuals with Disabilities

The College will make arrangements to ensure that individuals with disabilities are provided appropriate accommodations, to the extent necessary and available, to participate in the steps and procedures outlined in this policy. Requests for accommodations must be made to the Office of Access Services, 434.947.8132.

Protecting Students Reporting Sexual Misconduct

The Title IX Coordinator or designee will consult with the reporting party or the Complainant regarding protective measures such as changes to campus housing or academic schedules, removing the student’s information from the College directory, or issuing a “no contact order.”
Retaliation against any person for filing, supporting, or providing information in connection with a complaint of sexual misconduct is strictly prohibited. Violations will be addressed through this policy. Any person who feels they have been subjected to retaliation should make a report to the Title IX Coordinator.

The College considers the reporting and adjudication of sexual misconduct cases on campus to be of paramount importance. The College does not condone underage drinking; however, the College may extend limited immunity from sanctioning in the case of illegal alcohol use to the Complainant, Respondent, witnesses, and those reporting incidents or assisting the Complainant or Respondent, provided that they are acting in good faith in such capacity.

**Administrative Leave:**

The College may place a non-student employee respondent on administrative leave during the pendency of its grievance process after receipt of a formal complaint, subject to any rights that may be available under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

**Provision of Supportive Measures.**

As stated above, upon receipt of a report of alleged sexual misconduct, the Title IX Coordinator will reach out to the Complainant, if known, to discuss the availability of supportive measures, consider the complainant’s wishes with respect to supportive measures, and explain to the complainant the process for filing a formal complaint. Supportive measures will be offered as appropriate, as reasonably available, without fee or charge, and regardless of whether a formal complaint has been filed.

Similarly, upon receipt of such a report, and to the extent known and appropriate, the Title IX Coordinator will also reach out to the Respondent to discuss the availability of supportive measures, regardless of whether a formal complaint has been filed against that individual.

**F. Grievance Procedure**

The grievance procedure will treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following a grievance process that complies with this section before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies must be designed to restore or preserve equal access to the College’s education program or activity. Such remedies may include “supportive measures;” however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent. This grievance procedure must not be used to bring malicious or knowingly false complaints. The sexual misconduct grievance procedure will be used when any person is alleged
to have filed a knowingly false complaint or knowingly provides false information to College officials. If a claim is not substantiated, the College may, with the agreement of the Respondent, take steps to restore the reputation of the accused individual, including expunging records or notification to persons who participated in the grievance proceeding(s). The Respondent is not responsible for alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

The College’s grievance process requires an objective evaluation of all relevant evidence — including both inculpatory and exculpatory evidence — and provides that credibility determinations may not be based on a person’s status as a complainant, respondent, or witness. During the grievance process, the College will provide the parties with the range of possible disciplinary sanctions and remedies or list the possible disciplinary sanctions and remedies that the College may implement following any determination of responsibility.

The standard of evidence to be used to determine responsibility is the preponderance of the evidence standard, and it will apply the same standard of evidence for formal complaints against students as for formal complaints against employees, including faculty, and apply the same standard of evidence to all formal complaints of sexual harassment.

The College’s grievance process does not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

**Dismissal of a Formal Complaint:**

The College will investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual misconduct as defined in this Policy, even if proved, did not occur in the College’s education program or activity, or did not occur against a person in the United States, then the College must dismiss the formal complaint with regard to that conduct for purposes of sexual misconduct under Title IX. Such a dismissal, however, does not preclude action under another provision of the College’s Code of Conduct.

Alternatively, the College may dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing: a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled or employed by the College; or specific circumstances prevent the College from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon dismissal of a formal complaint, whether required or permitted, the College will promptly send written notice of the dismissal and reason(s) therefore simultaneously to the parties.
Consolidation of Formal Complaints.

The College may consolidate formal complaints as to allegations of sexual misconduct against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual misconduct arise out of the same facts or circumstances.

Formal Grievance Process

Written Notice of Investigation.

Upon receipt of a formal complaint, the Title IX Coordinator will provide the following written notice to the parties who are known:

(A) Notice of the College’s grievance process, including any informal resolution process.

(B) Notice of the allegations of sexual misconduct potentially constituting sexual misconduct, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual misconduct, and the date and location of the alleged incident, if known.

(C) A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process.

(D) Notice that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence presented.

(E) Notice of any provision in the College’s code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

Ongoing notice requirement. If, in the course of an investigation, the College decides to investigate allegations about the complainant or respondent that are not included in the original notice provided, the College will provide notice of the additional allegations to the parties whose identities are known.

Investigation of a Formal Complaint. The Complainant and the Respondent each will be contacted by an investigator. When investigating a formal complaint and throughout the grievance process, the College will:
• Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the College and not on the parties.
• Not access, consider, disclose, or otherwise use a party’s records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional’s or paraprofessional’s capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the College obtains that party’s voluntary, written consent to do so for a grievance process.
• Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.
• Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.
• Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding; however, the College may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.
• Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings with a party, with sufficient time for the party to prepare to participate.
• Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the College does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation.
  o Prior to completion of the investigative report, the College will send to each party and the party’s advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have 10 business days to submit a written response, which the investigator will consider prior to completion of the investigative report.
The College also will make all such evidence subject to the parties’ inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination.

- Create an investigative report that fairly summarizes relevant evidence and, at least 10 business days prior to a hearing (if a hearing is required under this section or otherwise provided) or other time of determination regarding responsibility, send to each party and the party’s advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

**Timeframe.** As previously stated, the College’s investigation and resolution of a complaint (not including an appeal, if applicable) will generally be completed within 80 calendar days of the receipt of the complaint, absent extenuating circumstances. Any party may request an extension of any deadline by providing the Title IX Coordinator with a written request. The Title IX Coordinator may modify any deadlines contained in this policy as necessary and for good cause, and shall notify both parties accordingly.

**Prehearing Conference.** The Title IX Coordinator or designee will convene a prehearing conference to plan for the hearing and to discuss the following topics: hearing agenda, procedures and protocols, expectation, confirmation of review of evidence by Complainant and Respondent and advisors. Those present at each such prehearing conference may include Complainant, Respondent, advisor(s), hearing panel chair and investigator.

**The Hearing.** The College’s grievance process provides for a live hearing.

The **Hearing Panel.** The Title IX Coordinator or designee will randomly select the members of the Hearing Panel, to include three faculty or staff, with one member serving as the Chair of the Hearing Panel. Members of the Hearing Panel must be trained to hear cases of sexual misconduct. The Title IX Coordinator or designee will share the complaint and the investigative report with the Hearing Panel.

**Notice of the Composition of the Hearing Panel.** Promptly after randomly selecting the members of the Hearing Panel, the Title IX Coordinator or designee will provide concurrent written notice to the Complainant and the Respondent, along with their advisors, setting forth the names of the individuals selected to serve on and chair the Hearing Panel. If only a portion of the alleged misconduct justifies continuing to the hearing process, the Title IX Coordinator or designee will also specify in the notice which part(s) of the alleged misconduct will be the subject of the hearings.

The parties may challenge the participation of any member of the Hearing Panel by submitting a written objection to the Title IX Coordinator or designee within three (3) days of delivery of the notice of the composition of the Hearing Panel. Such objection must
state the specific reason(s) for the objection. The Title IX Coordinator or designee will evaluate the objection and determine whether to alter the composition of the Hearing Panel. Failure to submit a timely and proper objection will constitute a waiver of any right of objection to the composition of the Hearing Panel. Any changes in the composition of the Hearing Panel will be provided in writing to both parties prior to the date of the first hearing.

Hearing Policies and Procedures

1. Submission of Written Materials by the Parties. Within five days of delivery of the notice of composition of the Hearing Panel, the Complainant and the Respondent may provide the Title IX Coordinator or designee with a list of witnesses, if any, that they propose that the Hearing Panel call and a brief description of each proposed witness's connection to or knowledge of the issues in dispute.

2. Notice of the Hearings. Not less than five days, but not more than ten days after delivery of notice of the composition of the Hearing Panel to the parties, the Title IX Coordinator or designee will provide a separate notice to the Complainant, the Respondent, their respective advisors, and any witnesses or other third parties whose testimony the Hearing Panel deems relevant, requesting such individuals to appear before the Hearing Panel. The notice should set forth, as applicable, the date, time, and location of the relevant individual's hearing. In its notices to the Complainant and the Respondent, the names of the witnesses or other third parties that the Hearing Panel plans to call will be provided.

3. Advisors at the Hearing. If a party does not have an advisor present at the live hearing, the College will provide without fee or charge to that party, an advisor of the College’s choice, who may be, but is not required to be, an attorney, to conduct cross-examination on behalf of that party.

4. Testimony and Evidence. The decisionmaker(s) must permit each party’s advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the party’s advisor of choice and never by a party personally, notwithstanding the discretion of the College to otherwise restrict the extent to which advisors may participate in the proceedings.

- At the request of either party, the College will provide for the live hearing to occur with the parties located in separate rooms with technology enabling the decision- maker(s) and parties to simultaneously see and hear the party or the witness answering questions.

Only relevant cross examination and other questions may be asked of a party or witness. Before a complainant, respondent, or witness answers a cross-examination or other question, the
decision-maker(s) must first determine whether the question is relevant and explain any decision to exclude a question as not relevant.

Questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant’s prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent.

If a party or witness does not submit to cross-examination at the live hearing, the decision-maker(s) must not rely on any statement of that party or witness in reaching a determination regarding responsibility; provided, however, that the decision-maker(s) cannot draw an inference about the determination regarding responsibility based solely on a party’s or witness’s absence from the live hearing or refusal to answer cross-examination or other questions.

5. Logistics. Live hearings may be conducted with all parties physically present in the same geographic location or, at the College’s discretion, any or all parties, witnesses, and other participants may appear at the live hearing virtually, with technology enabling participants simultaneously to see and hear each other.

6. Recording. The College will create an audio or audiovisual recording of any live hearing and make it available to the parties for inspection and review.

At any time prior to the date of their designated hearing, the Respondent may elect to acknowledge their actions and take responsibility for the alleged sexual misconduct. In such a situation, the Title IX Coordinator or designee will propose sanction(s). If the Complainant and the Respondent agree to such proposed sanction(s), then the complaint will be resolved without a hearing and without any further rights of appeal by any party. If either the Complainant or Respondent objects to such proposed sanction(s), then the Hearing Panel will convene for the exclusive purpose of determining a sanction. The decision of the Hearing Panel regarding sanctions may be subject to appeal.

**Determination Regarding Responsibility.**

Following the conclusion of the hearing(s), the decision-maker(s), who cannot be the same person(s) as the Title IX Coordinator or the investigator(s), will confer and, by majority vote, issue a written determination regarding responsibility. To reach this determination, the College will apply the preponderance of the evidence standard. Sanctions for a finding of responsibility depend upon the nature and gravity of the misconduct, any record of prior discipline for sexual misconduct, or both. In the most serious cases, suspension or expulsion is probable.
The written determination will include:

(A) Identification of the allegations potentially constituting sexual misconduct;
(B) A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
(C) Findings of fact supporting the determination;
(D) Conclusions regarding the application of the College’s code of conduct to the facts;
(E) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the College imposes on the respondent, and whether remedies designed to restore or preserve equal access to the College’s education program or activity will be provided by the College to the complainant; and
(F) The College’s procedures and permissible bases for the complainant and respondent to appeal.

The Title IX Coordinator is responsible for effective implementation of any remedies.

Sanctions imposed are not effective until the resolution of any timely appeal. However, if it is advisable in order to protect the welfare of the Complainant, witnesses or members of the College community, the Hearing Panel (or other decision-making body, if applicable) may recommend, and the Title IX Coordinator may determine, that any sanctions be effective immediately and continue in effect until such time as the appeal process is exhausted.

**Final Accommodations and Corrective Action.** In addition to any sanctions imposed on the Respondent, promptly following the conclusion of the hearings and the Hearing Panel's issuance of a determination of responsibility, the Title IX Coordinator or designee will determine the final accommodations to be provided to the Complainant, if any, and the Title IX Coordinator or designee will communicate such decision to the Complainant and, to the extent that it affects them, to the Respondent.

**Final Outcome Letter.** Within 6 calendar days following the conclusion of the hearings, the Hearing Panel will issue a written decision letter simultaneously to the Respondent and the Complainant. The determination regarding responsibility becomes final either on the date that the College provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

**Appeals**
Both the complainant and the respondent may appeal from a determination regarding responsibility, and from a College’s dismissal of a formal complaint or any allegations therein, on the following bases:

(A) Procedural irregularity that affected the outcome of the matter.
(B) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
(C) The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

Appeals of the determination must be made in writing to the Title IX Coordinator. Upon timely receipt, the Title IX Coordinator will do the following:

(A) Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
(B) Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
(C) Ensure that the decision-maker(s) for the appeal complies with the standards set forth in this Policy;
(D) Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
(E) Issue a written decision describing the result of the appeal and the rationale for the result; and
(F) Provide the written decision simultaneously to both parties.

In reviewing an appeal, the Dean of Students will make a determination: (a) that the decision of the Hearing Panel should stand; (b) that the decision of the Hearing Panel should be overturned; or (c) that additional hearings should occur or evidence should be obtained before making an appellate determination.

In the event that the Dean of Students determines that the decision of the Hearing Panel should be overturned or that additional hearings should occur or additional evidence should be obtained, they will specify the appropriate steps to be taken to come to a final resolution of the complaint (which may or may not include an additional hearing or set of hearings before a different hearing panel).

Appeals of the Sanction
Similarly, the sanctions imposed on a Respondent may be appealed on grounds that the severity of the sanction is disproportionate to the gravity of the sexual misconduct for which the Respondent was found responsible. Appeals must be made in writing to the Title IX Coordinator. Upon timely receipt, the Title IX Coordinator will do the following:

(A) Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
(B) Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
(C) Ensure that the decision-maker(s) for the appeal complies with the standards set forth in this Policy;
(D) Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
(E) Issue a written decision describing the result of the appeal and the rationale for the result; and
(F) Provide the written decision simultaneously to both parties.

The Dean of Students will make a determination (a) that the decision of the Hearing Panel should stand, (b) that the decision of the Hearing Panel should be overturned, or (c) that additional hearings should occur or evidence should be obtained before making an appellate determination.

In the event that the Dean of Students determines that the decision of the Hearing Panel should be overturned or that additional hearings should occur or additional evidence should be obtained, they will specify either (a) the final sanctions to be imposed on the Respondent, which will not be subject to further appeal or (b) that another hearing will be convened before the Hearing Panel for the sole purpose of considering sanctions, in which case the final sanctions set by the Hearing Panel will not be subject to further appeal.

**Informal Process**

Any member of the College community who believes they have been the victim of sexual misconduct and who is interested in an informal remedy to the situation may contact the Title IX Coordinator. The objective of the informal process is to respond immediately to a formal complaint with actions designed to eliminate misconduct. The goals of the informal process are to gather information, identify sources of conflict, analyze problems, and offer ways for resolving the complaint. The Title IX Coordinator or designee will discuss with the Complainant the individual’s concerns, clarify the College’s policy and grievance procedure and, when appropriate, remind them of the availability of counseling services.
The College may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual misconduct. Similarly, the College may not require the parties to participate in an informal resolution process and may not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility, the College may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, so long as the College:

(i) Provides to the parties a written notice disclosing: the allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, if any, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;

(ii) Obtains the parties’ voluntary, written consent to the informal resolution process; and

(iii) Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

Assuming the above requirements are met, and both the complainant and respondent have consented to informal resolution, the Dean of Students or designee will attempt to work with the parties involved to resolve the matter informally. The resolution process might involve any number of strategies, including (1) individual meeting(s) between the Dean of Students or designee and the Respondent; (2) written communication between the Complainant and the Respondent; and/or (3) mediated meeting(s) between the Complainant and the Respondent, facilitated by the Dean of Students or designee.

Based on information gathered from the Complainant and the Respondent, the Dean of Students or designee shall prepare a written resolution agreement they believe will fulfill the goals of the informal process and is acceptable to all parties. If the parties agree to an informal resolution of the complaint, the Dean of Students or designee shall have the resolution agreement signed by both parties, provide each party with a copy of the signed agreement, and maintain the original of the signed agreement in the Title IX Coordinator’s confidential file.

If a mutually agreeable resolution cannot be reached, the Dean of Students or designee shall send each party written notification of that fact and then resume the grievance process with respect to the formal complaint, and shall maintain a copy of the written notification in the Title IX Coordinator’s confidential file.
Academic Transcript Notations

As required by the Code of Virginia, the Title IX Coordinator will notify the Registrar to include a notation on the academic transcript of each student who has been (1) suspended for, (2) has been expelled (permanently dismissed) for, or (3) withdraws from the College during an investigation for an offense involving Title IX.

Retaliation

Neither the College or any of its personnel shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing in accordance with this process. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, constitute retaliation.

The exercise of rights protected under the First Amendment do not constitute retaliation, however, for purposes of this Policy. And, charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding does not constitute retaliation; provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

The College must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to the grievance procedures for sex discrimination.

Educational Program

The College offers online and in-person educational opportunities to students, staff, and faculty - they include presentations, workshops, seminars, and trainings to help maintain an environment free from discrimination, harassment, and retaliation. First-year students participate in awareness
and prevention programing during orientation, examples of those programs include healthy relationships, recognition and reporting of sexual violence to include dating violence, domestic violence, stalking, sexual assault, and other forms of sexual harassment, etc. In addition there is specialized training for student leaders such as by-stander intervention and mandated reporting.

The Title IX Coordinator, Deputy Coordinators, Dean of Students, Provost, and the Director of Athletics shall be responsible for implementing and providing the training for the College community

**Annual Review**

The Title IX coordinator, the Deputy Title IX Coordinators, and the Director and the Associate Director of Campus Safety, will review the Policy on at least an annual basis. The review will include evolving legal requirements, evaluating the resources available to parties, checking contact information, and assessing the effectiveness for the policy as written. The Title IX Coordinator shall submit changes to the President and the Board or email the President with an acknowledgement that the policy was reviewed and no changes were needed.

Rev. August 11, 2020

**Notification of Sex Offenders**

Institutions of higher education are required by the Campus Sex Crimes Prevention Act to issue a statement advising the campus community where they may obtain law enforcement agency information provided by a state about registered sex offenders. The Act also requires sex offenders already required to register in a state to provide notice of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. In the Commonwealth of Virginia, convicted sex offenders must register with the Sex Offender and Crimes Against Minors Registry maintained by the Virginia Department of State Police. In accordance with the law, information concerning offenders registered may be disclosed to any person requesting information on specific individuals. This information is available at the Virginia State Police Sex Offender Information Web Site located at: [http://sex-offender.vsp.virginia.gov/sor/](http://sex-offender.vsp.virginia.gov/sor/).

Note: Reported crime statistics do not include crimes that occur on privately owned property or businesses on or adjacent to Randolph College property. This data is available from the Lynchburg Police Department Crime Analysis Unit, the Bedford County and Campbell Sheriff’s Departments.
Statistical Information

Campus crime and fire logs are available for review at the Reception and Information Desk in Main Hall lobby during normal business hours, Monday through Friday, 8:00 a.m. to 4:00 p.m. Three-year crime statistics are included in this report on pages 65 through 70 and are also available at this web address: http://www.randolphcollege.edu/campussafety/crime-statistics/.

Note: There are very limited circumstances in which a report of a crime is investigated and determined to be unfounded or believed not to have occurred. These types of reports are withheld from the crime statistics.

Fire Safety Report

Overview
The Higher Education Opportunity Act requires all academic institutions in the United States to produce an annual fire safety report outlining fire safety practices, standards, and all fire-related campus statistics associated with student housing. The following public disclosure report details all information required by this law as it relates to Randolph College.

Fire Safety
Each year college and university students across the country experience a growing number of fire-related emergencies. There are several causes for these fires; however, most are due to a general lack of knowledge about fire safety and prevention, or general carelessness. Unfortunately, most college students do not realize how quickly a fire can occur. Proper fire safety education helps students realize they are not invincible and that fires do happen in campus-related settings. Students and employees should take steps to protect themselves no matter where they live.

Regulations
All members of the College community are expected to be aware of and address any situations or conditions that might result in a fire on the campus. Concerns about potential fire hazards must be immediately reported to the Campus Safety Department for evaluation and remedy. The following are College-wide fire safety regulations for all persons on campus:

A. Fire exits must be clear at all times. Items in hallways and fire exits will be confiscated and the owners of the items fined.
B. Tampering with College fire safety equipment—including, but not limited to smoke detectors, heat detectors, fire extinguishers, and sprinkler heads—is prohibited.
C. Setting any unauthorized fire in or on College property is prohibited.
D. The possession or use of fireworks of any kind on campus is prohibited.
E. All occupants of a building must exit the building immediately whenever a fire alarm sounds, reporting to the exterior location designated as the evacuation location for that building. Students are responsible for ensuring that their guests also exit the building immediately.
F. All students and their guests must comply with instructions from Security officers, residence life staff, and other College staff during a power outage.
G. Candles, incense, and any device with an open flame or exposed heating element are prohibited.
H. Hot pots, popcorn poppers, coffee makers, MicroFridges and refrigerators with grounded plugs and less than 4.2 cubic feet capacity, hair dryers, and vacuum cleaners are appliances allowed in residence hall rooms. Prohibited appliances include toasters, toaster ovens, hot plates, lava lamps, halogen lights and microwaves. Only students who
have received authorization through the Health Center may use window units or other stand-alone air-conditioners.

I. Local fire safety regulations prohibit frying in residence hall kitchens.

J. Causing a false fire alarm by willfully activating a pull station, heat detector, or smoke detector is prohibited. The minimum sanction is a $250 fine and 25 hours of service. The minimum sanction for a second violation is suspension.

K. Smoking and vaping are strictly prohibited inside any campus facility or structure. Smoking areas are defined outdoors in various campus locations in settings that are at least 50 feet from any building or building entrance. Disposal urns are placed at each of these locations.

Residential Housing Fire Safety
At Randolph College, all residence halls are protected by fire detection and alarm systems that are centrally monitored 24 hours per day, seven days per week. Campus buildings are also equipped with emergency generators in critical areas or emergency lighting fixtures that incorporate backup batteries should a loss of power occur. Each is tested on a monthly basis. These systems activate automatically to assure adequate egress lighting in hallways and emergency exit stairwells. Five of six residence halls are fully equipped with sprinkler systems. Grosvenor Apartments are not equipped with sprinklers. Carbon monoxide detectors have been installed in areas where products of combustion could occur. All fire safety systems are strictly maintained and tested in accordance with applicable national standards.

*Note: additional fire safety equipment/system information and fire alarm activation data is documented later in this report.

Evacuation and Reporting Fire Emergencies
1. Sound the building alarm by activating the fire alarm pull station at the nearest exit.
2. Stay calm.
3. EVACUATE THE BUILDING if possible.
4. Never use an elevator.
5. If there is smoke, crawl or stay beneath the smoke. Smoke kills!
6. DO NOT open a door if the door knob is hot.
7. If leaving a room is not possible, stop the smoke from coming in by sealing cracks/small openings with tape, clothing, towels, etc.
8. Shout loudly for help.
9. Cover your nose and mouth with a wet cloth.
10. Never go back into a burning building for ANY reason!
11. Call 911 from a safe distance away from the emergency. Report the location of the fire, and if known, if anyone is trapped inside and where.
12. Notify the Reception and Information Desk at 434-947-8000, or ext. ‘0’.
13. Campus Safety may also be contacted by using one of the EMERGENCY phones located readily across campus. (See Emergency Telephones page 17.)
14. Allow firefighters/first responders to do their jobs. Stay away!

**Assistance for those with Mobility Issues**
Students who require an accommodation of the common or standard fire alarm system should contact Diane Roy, the access services coordinator, within the Academic Services Center located in the Lipscomb Library. Roy may be reached via email at: droy@randolphcollege.edu or by telephone 434-947-8132. The Office of Access Services web page may be viewed here: http://www.randolphcollege.edu/academicservices/access_services/ for additional information and guidance.

**Fire Safety Education, Training, and Fire Drills**
All on-campus residents, including those with special needs, receive comprehensive fire safety information during orientation and small group settings such as hall meetings, during the academic year. More formal fire and life safety training is provided annually by the city of Lynchburg Fire Marshal’s staff for Residence Life staff, including Resident Assistants and Head Residents, and intermittently for College employees, such as Buildings and Grounds, and Campus Safety. Floor and hall meetings are held each semester to discuss fire safety issues and proper evacuation measures. Residents are required to comply with safety requirements outlined in the “Student Handbook,” which includes information on fire safety and proper action to take during an emergency.

A video demonstration of the proper use of a fire extinguisher may be seen at this link provided by the Fire Equipment Manufacturer’s Association: http://www.youtube.com/watch?v=BLjoWjCrDqg

Mandatory supervised fire drills are conducted in residence halls each semester in coordination with Campus Safety and Residence Life. The drills are carried out to ensure proper function of the building fire alarm system and to familiarize residents with proper evacuation procedures and designated gathering locations. Occupants of the residence hall must evacuate for a drill just as they would for an actual fire emergency. Upon completion of the drills, any noted concerns or deficiencies, such as not being able to hear the alarm and untimely exits, are assessed and attended to.

**When the fire alarm sounds, everyone must evacuate the building immediately every time!**
ALL fire alarms must be treated as an actual fire emergency. Failure to evacuate in a timely manner may result in serious personal injury. Intentionally ignoring alarms can also lead to judicial action, sanctions, and/or fines. Anyone involved in initiating a false alarm or inappropriately discharging a fire extinguisher will face severe disciplinary action and possible criminal charges. Safety Precautions and Fire Safety Education Goals

- Provide students and community members with a program for fire safety and prevention. Involve the local fire department and representatives from the fire marshal’s office, community education section.
- Teach students how to properly notify the fire department using the 911 system.
- Maintain and regularly test smoke alarms and fire alarm systems.
- Regularly inspect rooms, offices and buildings for fire hazards.
- Inspect exit doors and windows and make sure they are working properly.
- Create and update detailed floor plans of buildings, and make them available to emergency personnel, resident advisors and students.
- Conduct fire drills and practice escape routes and evacuation plans. Urge constituents to take each alarm seriously.
- Do not overload electrical outlets and make sure extension cords are used properly.
- Learn to properly use and maintain heating and cooking appliances.
- Do not tamper with any smoke or heat detector, fire alarm, fire extinguisher, emergency light, sprinkler heads or valves, or any other fire safety equipment as this is strictly prohibited.
- Do not hang items from sprinkler heads or pipes as this could result in flooding and extensive damage to personal and College property.

Fire Log

A Campus Fire Log, similar to the crime log required for the Clery Act, is maintained at the College’s Reception and Information Desk in Main Hall. This document contains the following information:

1. The date the fire was reported.
2. The nature of the fire.
3. The time of day the fire occurred.
4. The general location of the fire.

The log is available for inspection at the Reception and Information Desk in the Main Hall lobby during normal business hours, Monday through Friday 8:00 a.m. to 4:00 p.m. It contains information from the most recent sixty-day period. Requests for inspection of logs older than sixty days will be fulfilled and made available within two business days of the request. As with other required documentation, the fire log must be kept for three years following the publication of the last annual fire safety compliance report to which it applies (in effect, seven years).
Fire Statistics
Fire statistics are collected and reported, both in the annual fire safety compliance report and the Department of Education’s web-based data collection system, for each on-campus student housing facility. These statistics include:

1. The number of fires and the cause of each fire.
2. The number of person(s) who received fire-related injuries that resulted in treatment at a medical facility, including an on-campus health center.
3. The number of deaths related to a fire.
4. The value of property damage caused by a fire.

According to The Handbook for Campus Safety and Security Reporting, if there are no reported fires at a facility, this must be stated, or a 0 must be entered in the statistical data; the facility listing cannot be omitted from these disclosures.

Note: Arson is a reportable crime. Any fire investigated by police determined to be arson must be reported as a fire statistic and as a crime statistic.
