

2026-27 TUITION ASSISTANCE GRANT PROGRAM APPLICATION

TUITION EQUITY PROVISION

This document contains important information for students meeting the requirements found under the Code of Virginia § 23.1-506.10 and wishing to be considered for the Virginia Tuition Assistance Grant (VTAG) program administered by the institutions and the State Council of Higher Education for Virginia (SCHEV). It also provides details on the eligibility requirements, application deadlines, and criteria for award distributions. Please read this document carefully.

AWARD INFORMATION

The Commonwealth of Virginia provides VTAG as a non-need-based grant for Virginia residents attending a participating Virginia private college or university. While the maximum award is authorized each biennium, the amount is not guaranteed and can vary annually. The amount of each academic year's award is determined by the available funding and the total number of eligible applicants. If funding is insufficient to fully award all students, it is possible that the spring award will be adjusted, and some students will receive no award. The college financial aid office will have the most current information about the expected maximum award. See below for the categories and prioritization of awards.

ELIGIBILITY REQUIREMENTS

To be considered for VTAG, students must meet one of two base level requirements: 1) meet the Commonwealth's domicile requirement or 2) meet the conditions found under §23.1-506.10. Students meeting the domicile requirements should complete the VTAG application for domiciled students. **All requirements are not specified in this application.** The basic eligibility requirements are:

- Complete at least two years of high school (9th-12th grade) in Virginia. Any combination of two years of enrollment at a Virginia public or private high schools is acceptable.
- Complete high school education in Virginia – whether by graduation or completion of general equivalency exam – on or after July 1, 2008.
- File Virginia state income taxes for the two years immediately prior to registration or enrollment.
- Enrolled as a full-time student at an eligible institution in an eligible degree program.
[For specifics on "full-time" or "eligible degree program," please contact your institution's financial aid office.]
- A completed VTAG application submitted to your institution's financial aid office.

APPLICATION DEADLINES AND AWARD DISTRIBUTION CRITERIA

Conditions for reduction of the award amount and eligibility are described in program regulations. If funds are not sufficient to make full VTAG awards to all eligible students, a priority system is used to determine the size of the awards. Students in the first categories must receive full funding before subsequent categories can be considered; however, categories 1 and 2 **are combined and will receive the same award amount.**

Priority System:

- **Category 1:** Returning students who received a VTAG award in the previous fiscal year. This category includes transfer students who received a VTAG award in the previous fiscal year at another institution.
- **Category 2:** New and re-admit students who are eligible for fall or fall and spring term awards and who apply for the VTAG program by **September 15, 2026**. This category also includes returning and transfer students determined to be eligible in the previous fiscal year, but not awarded.
- **Category 3:** New and re-admit students who are eligible for fall or fall and spring term awards and who apply for the VTAG program between and including **September 15, 2026 and October 1, 2026**.
- **Category 4:** All students eligible for spring term awards only (except those who received the award in the previous fiscal year), and who apply by **December 1, 2026**.

After verification of spring term VTAG enrollments, SCHEV will determine the final award amounts for category 1 and 2 applicants. If necessary, the spring amount will be adjusted. Awards, if any, for category 3 and 4 applicants cannot be determined until mid-spring.

ADDITIONAL INFORMATION

Total support cannot exceed two years for an associate program, no more than four years for undergraduate programs, and no more than three years for all post-undergraduate programs except for medicine and pharmacy, which allow a maximum of four years. Recipients of the awards have the responsibility to notify, in writing, the institutions they attend of any name or permanent address changes.

The institutions and SCHEV do not discriminate based on race, color, national origin, sex, religion, age, or disability when making award decisions or reviewing appeals; any information requested for these items is for statistical purposes only.

***** If you have further questions regarding VTAG, please contact your institution's financial aid office. *****
